HOBIE ALTER. SIX DECADES OF BUILDING MEMORIES

How did Hobie Cat creator Hobart “Hobie” Alter put us all on the water? He **STARTED** with **FUN**... then he kept on going. It wasn't about building boats. It was about building **MEMORIES**.

The “Flying H” logo is global shorthand for ease and performance on the water. As you'd probably guess, that sort of international reputation didn't happen overnight.

Like all good tales, the history of Hobie Alter started with a dream. In the 1940's, Hobie saw the bluff-lined coves of Laguna Beach as a setting for adventure. Skimboards, paddleboards, surfboards, skiffs... the locals took their homespun designs as far as they could. But Hobie envisioned lighter, more maneuverable ways to play in the waves.

In the space of a decade—and thanks to his introduction of the foam surfboard blank—his boards became the favored equipment for everybody from local heroes to world champions. Today, Hobie surfboards are found at retailers around the globe and under the feet of some of the best surfers around.

In the '60s, Hawaiian-style outrigger canoes had become common at spots like Malibu. Small catamarans were seen as well, but they were too unwieldy for single-handed beach launching. Hobie got to work with fellow beach boat aficionado Phil Edwards. They came up with a design that changed the face of sailing—the Hobie 14. Adding an elevated fabric trampoline, asymmetrical hulls and a high-speed rig, the fun quotient was upped by orders of magnitude. The design opened up high-speed sailing to just about anyone.

The Hobie 16 appeared quickly thereafter. Whip-fast and user-friendly, the 16 gained huge media acclaim and international attention. With its exotic profile, trapezes, and eye-catching sail graphics with themes like “Tequila Sunrise,” the Hobie 16 became the most popular one-design sailing multihull in the world. The Hobie Cat was here to stay. Nowadays, if there's a body of water big enough to have a name, there's an active Hobie fleet calling it home.

Soon enough, new Hobie models rolled out. The Hobie 18. The ultra-light Hobie 33 monohull. The Hobie Power Skiff. A veritable flotilla of kayaks. Hobie's reach grew by leaps and bounds: Skateboards, polarized sunglasses, apparel... all built around fun in, on, or near the water.

While the history is compelling, the Hobie name has never been more timely. Our groundbreaking introduction of the MirageDrive™ pedal-driven propulsion system is the key. With the paddle relegated to back-up status, it's hands-free fun on the water. And with a deep line-up of recreational, touring, fishing, and sailing kayaks, Hobie leads the way. Today, there's literally a Hobie for everyone.

There's hardly a fisherman alive who isn't familiar with the Hobie Fishing Collection, featuring the Hobie Mirage Pro Angler, a purpose-built platform perfect for getting into the mangroves, out to the kelp, or across the shallows to your favorite Monster Hole. And with 600 pounds of capacity, you can bring every tool in your kit. With a huge fleet of fishing kayaks, nobody matches Hobie's range of angling possibility.

Whether it's kayaking, fishing, or sailing, Hobie has you covered. Welcome to the Hobie family. Go ahead. Build some memories.

Note: Freight to dealers is not included in pricing.

HOBIE RASHGUARD for comfort inside your wetsuit and great sun protection when you don't need a wetsuit. This short sleeve design and a high turtle neck style is ideal for any watersport where you need to be more comfortable in your wetsuit, the Lycra material with its 4 way stretch and tight fitting design will let your wetsuit slide on easy when you are getting ready and gives you more freedom when on the water. Raglan sleeve design allows the wetsuit to move so you do not get rubbed and sore – hence the name RASHGUARD – does what it says! The high neck Turtle neck design protects your neck from being rubbed by the suit when in salt water and a sand environment.

UV protection – this top is rated at 50+UPF which gives you the **MAXIMUM PROTECTION FROM HARMFUL UV RAYS** – stopping over 98% of the rays getting to your skin! Ideal for use with board shorts on very hot days in exotic locations – so if you are off to the Caribbean in the winter make sure to pack your Hobie Rash Guard. Construction – Made from 8oz Spandex Lycra with 4 way stretch and feature overlocked seams which are strong and robust.

HOBIE HI-BACK MESH by Stohlquist

This front entry vest was designed just for Hobie Kayaks! The flotation in the back is up high and away from the seatback (less bulk down low). Short length does not "ride up" around your neck when you are sitting. There is a mesh panel across the back. Front zip entry for easy on and off. A zipper keeper to prevent the zipper from slipping down when in use. Large mesh pockets on the front for easy storage and access of small items. Stretchy neoprene adjustable padded shoulders. Ventilated mesh side panels. High waistline cut. Huge arm cutouts and a short waist allow excellent freedom of movement. Adjustable side straps offer enough size variation for many layers underneath or none!

SAFETY TIP!

LIFE VESTS Get a good, comfortable life vest and WEAR IT! A life vest does you little good stored on your boat, especially if you get tossed into the water and away from your boat. Accidents happen and by their nature, they happen when you are not prepared. A life vest can keep you afloat until you can rescue yourself or you can be rescued by others. In the worst cases when injuries or cold water are involved, your life vest can make all the difference! Be sure everyone onboard your boat wears a life vest too! Pass the word! Federal law now requires that all persons below the age of 13 must wear a life jacket while aboard a boat.

MOUNT

SAFETY FLAG Be Seen! When out on your kayak, you are very low to the water. Add to that any wave or swell action and you are often hidden from other boaters view. The 4' tall safety flag will help other boaters see you. Very important in areas with mixed boating traffic! For mounting in areas with internal access, you can use large washers and the provided nuts for mounting. Otherwise, in areas with no internal access, use the mount which includes bolts and well nuts.

72020002 SAFETY FLAG 4'

72020012 DELUXE MOUNT

HOBIE SAFETY KIT has many useful items for added safety when boating. Includes first aid and some basic survival materials. Hobie Gear Bucket with Orange safety lid. Ready access is assured by hanging the safety kit on the inside lip of an 8" Hobie Twist-n-Seal hatch. Includes a 33 piece first aid kit, water proof flash light, signal mirror, space blanket, whistle, utility tool, waterproof matches, duct tape, gauze bandage, gauze pads, cloth tape (specific items subject to change).

72020010 HOBIE SAFETY KIT

TELESCOPING PADDLE is a good spare paddle that can be stored within most Hobie kayak models. 6 1/2" wide blade will fit into an 8" hatch opening. Measures just 20" in closed position (45" when fully extended). Lightweight, easily portable yet with durable construction of high grade plastic paddle and anodized aluminum shaft. Corrosion resistant design. Floats too!

HOBIE eVOLVE POWERED BY TORQEEDO

Navigating a current-ripped bay...
A longer-than-expected coastal tour...
A quick run across the lake to a favored fishing shoal...
How many examples can you think of where a boost of power would make your kayak experience that much more fun?

That's the theory behind Hobie Kayaks' revolutionary new eVolve Series powered by Torqeedo's Ultralight 402 electric motor.

For the first time in kayak history, you're one touch away from quiet, clean, and efficient electric propulsion. Go for hours at a steady two knots, or pour on the juice for a burst of speed. It's your call. This compact, German-engineered motor is custom designed with two different types of Hobie mounts to slip into your existing Hobie kayak.

Quietly slip through the bass-choked shallows...
Give your muscles a break during a lengthy bay cruise...
Introduce a non-paddling friend to kayaking with power...

The choice is yours. And with Hobie's new eVolve, you have more choices than ever.

72021030 EVOLVE TORQEEDO MOTOR KIT - K

(Not designed for use on inflatable kayak models)

KIT INCLUDES:

- Ready-to-go Mirage well mounted Hobie eVolve
- Additional assembly to adapt motor onto a Hobie Twist and Stow rudder
- Sealed/waterproof Lithium Manganese high performance battery with charger
- Total weight of installed kit - 18 lbs / 8.16 kg (or less depending on configuration) including motor, battery, throttle and cables
- Remote throttle with LCD display showing range/speed data generated using onboard GPS
- Safety shut-off key with tether
- Waterproof components and cable connectors
- Highly corrosion resistant materials and motor design
- Cables for motor and throttle
- All mounting hardware

RUDDER POSITION MOUNT

A lightweight aluminum assembly allows you to convert your motor into a stern mounted option. Easily adapting to a Hobie Twist and Stow rudder, this makes for a quick conversion to a hybrid kayak...allowing you to pedal and use the electric motor at the same time to extend your range. Or, turn off the motor and use it as a rudder with the MirageDrive™ as the ultimate stealth propulsion system to your favorite fishing or bird watching spot.

MIRAGE WELL MOUNT

The Mirage mounted Hobie eVolve comes built and ready to run out of the box. This configuration allows you to convert your Hobie Mirage kayak into a compact electric craft by just dropping the eVolve into the well. Weighing in at only 6.4 pounds, this drive is built from durable materials and a shock absorption spine to hold up to years of enjoyment.

2 FOR 1

Both Mounts Included

LITHIUM BATTERY/COMPUTER/GPS

A 230wh Lithium-Manganese battery (8Ah at 28.8V) is the heart that pumps the power to Torqeedo's Ultralight 402 motor. At only 6.6 pounds, this battery case has a built-in GPS (for speed calculations) and is completely watertight...it actually floats! At a full charge, this battery will continue to perform for up to 8 hours (based on 2 MPH cruising speed).

REMOTE THROTTLE

The remote throttle allows you to mount your controls conveniently near your seating position using a RAM® mounting system (provided with kit). The easy to understand readout gives you all of the critical information you need to know to get you to and from your destination. The throttle pad is also equipped with a magnetic key pad for a safety key in the event you are separated from your kayak or to prevent theft.

THRU-HULL FITTINGS

The installation kit comes with all the parts needed to run all of your wires internally for a clean deck with minimal exposed wire.

WATERPROOF SYSTEM

Hobie's totally unique connection system allows everything to be completely IP68 watertight when connected.

ST PERFORMANCE FINS ST OR ST TURBO!

ST FINS ...and you thought the Hobie MirageDrive was the most amazing propulsion system ever seen! Now you can make your Hobie MirageDrive a **SUPER PERFORMER!**

Hobie Mirage kayak users report as much as 10% increase in speed and more using ST TURBO Fins. But its not all about speed, you can get top end speed and a slower cadence for cruising (Less pedals per mile). All achieved with these larger and more efficient fin designs. Increase your performance or increase your fitness routine, you choose the fin that is right for you: Standard, ST or ST Turbo... low, medium or a higher gear! The standard fins, supplied with our kayaks, are the easiest pedaling fins, but many users feel that the standard fins do not offer enough resistance. This is very evident when using our sailing kits. The added power and speed of the sail often outpaces the standard fins (similar to pedaling a bike down hill in first gear). Want to go really fast? Add the ST TURBOs for sailing! The longer fins can also increase lateral resistance for sailing upwind.

These ST (Square Tip) designs will require a bit more effort to pedal. *The added effort is commonly compared to pedaling a bike up a slight incline.* In addition, the included fin tension screw allows adjustment to achieve lower end torque or top end speed to meet the desires of the pedaler.

ST Fins fit any Hobie MirageDrive. If you prefer the ST fin, order 2 per drive. The ST TURBO fins require longer masts. The ST TURBO fin kit comes with 2 fins, 2 masts and all needed fittings.

SIDEKICK AMA KIT

Whether you are a pro or a novice, you will enjoy the sense of security from the extra amount of stability offered by the SideKick ama kit. Great for use when sailing, fishing, standing when site fishing, shooting photos! The SideKick ama kit is simple, light weight and effective! The SideKick's cross arms adjust the float height with a simple "click-twist-click". Just like a paddle shaft adjustment. Three positions offer you high - medium - low positions. Set the floats high for cruising (less drag) or secondary stability. Use the medium or low settings for primary stability (less initial roll). Fine adjustments for float height are done by twisting the main crossbar within its mounts and tensioning with the fastening hardware. Set up and use right off the beach or disassemble and deflate to store inside the hull. Then assemble and inflate when you get to your dive or fishing spot. Inflation is simple. Just blow a few breaths into each float through their one-way valves. Valve cap unscrews for rapid deflation. Installs with 4 bolts using expanding nuts.

ENJOY THE RIDE

Hobie is thrilled to introduce an exciting new member of our fleet.

The Hobie Mirage Tandem Island is the big brother of our Hobie Mirage Adventure Island and twice the fun. Plenty of room for the skipper and crew, with total control of the roller furling sail and the large Twist and Stow rudder from either high back padded seat. Inspired by Polynesian multihulls, this 18' 6" trimaran "sail-yak" includes state-of-the-art features and comfort, plus two patented MirageDrives with Turbo Fins. So choose a partner and enjoy the ride.

HOBIE BIMINI SUN SHADE

72710 Mount fits all Hobie models and most other kayaks (3 piece expandable). Attaches with included (4) bolts and expanding nuts.

We all love the sun, but it can be a bit much at times. Protect yourself with a Hobie Bimini Sun Shade. The Bimini is easily attached to most Hobie Kayaks. With the Hobie mount installed, a simple flick of a finger can attach, adjust or remove the Bimini. It can be easily folded out of the way or set up to block the sun. Simple adjustments can tilt the shade from side to side or to different heights and angles for best protection from the sun's rays. Requires Hobie mount. The Hobie Mount will attach to just about any kayak. It extends or retracts for a perfect fit.

HOBIE DODGER

The Hobie Dodger is a spray, cool breeze or sun shade for your lower body.

* Pro Angler Camo Dodger Available Summer 2010

Deflect bow spray, block cool breezes and stay warmer in cold conditions.

Works like a small pop-up tent. Loops of bungee connect to the boat via small fittings installed along the rails. Small internal battens give the Dodger its shape. The Dodger extends aft to just in front of the pedaler. A Velcro strip seals up the center in front of the pedaler. The entire dodger folds forward to enter or exit the kayak, to make pedal adjustments or reach items in the cockpit. An access panel is built-in for using the sailing rig. A great combination when there is wind and spray!

Great for hunters, animal and bird watchers as the Dodger conceals your legs movement. The Hobie Dodger makes your kayak a sit-inside sit-on-top!

Installs in minutes initially, but installs in moments once the fasteners are in place. Packs away into a small stow bag 5" round by 24" long (1.8 lbs).

Mirage Dodger Fits the Hobie Mirage Outback, Sport, Adventure and Revolution kayaks (May fit other models with some modification to hardware placement).

SAIL KITS

ADD SAILING TO YOUR HOBIE MIRAGE KAYAK EXPERIENCE!

MIRAGE KAYAK SAIL RIG Add sail power to Hobie Mirage Kayaks! (Fits all current models of Hobie Mirage Kayaks). The Patented MirageDrive pedal system allows you to pedal while sailing which helps you to maintain forward motion through turns and obtain higher speeds. Sail with ease maintaining excellent speed with or without pedaling while sailing. Easily pedal out to sail or pedal home when the wind is too light. Add a SideKick ama kit for additional stability if desired.

HOBIE MIRAGE KAYAKS... THE ONLY KAYAKS THAT CAN DO IT ALL

Paddle kayaks do not have the necessary lateral resistance needed nor do they typically have a rudder for steering. Paddle kayaks require hands-on paddling which prohibits use of rudder and sail controls for sailing. The MirageDrive pedal system allows you to pedal out onto the water to sail and pedal back if needed. You can also pedal the boat through a tack (turn). The MirageDrive pedal system's fins act as a keel or centerboard when in the down position offering the lateral resistance needed for upwind sailing. Hobie Mirage kayaks are equipped

For top sailing performance, add the ST TURBO fin kit and larger rudder!

with a hand-controlled rudder. The MirageDrive allows hands to be free for sail and rudder controls. Two piece mast, sail, hardware, lines and durable storage bag included. Add the large rudder #81397001 for more responsive rudder control. Adventure models can add the dagger board for enhanced upwind performance.

SAIL KIT includes two piece mast, sail (20.25 sq ft.), lines, fittings and storage bag.

AKA TRAMPOLINES FOR THE HOBIE MIRAGE ADVENTURE ISLAND AND TANDEM ISLAND

Aka Trampolines do many things... Added space for carrying gear, allows you to move weight outboard for better performance in windy conditions, comfortable sitting or laying down position, carry additional crew / kids / pets (does not increase basic weight capacity), reduce spray in cockpit. The trampolines are made from mesh vinyl as used on our catamaran product. Available in Grey or Black. Easy installation. Fast (side-release) buckles across aft aka make folding akas quick. Adjustable webbing straps for a tight fit. Rolls down and straps to forward aka for storage or easily slips off the aka. Paddle storage, gear pockets and lanyard grommets included. (200 Lb Capacity)

ADVENTURE ISLAND CONVERSIONS

The Hobie Mirage Adventure (2007 model and newer only) can be converted into an Adventure Island! These allow you to add just the amas or go all the way to Adventure Island with the amas and sail combined. Great sailing performance and excellent stability.

The complete kit includes: A boomless, roller-furling sail rig with plenty of sail area for excellent performance, completely manageable from the cockpit with the pull of a line. Two retractable amas that fold up against the side of the boat for easy docking, maneuverability, and transport. All 2007 model year Adventure Kayaks, including the Fish model, have inserts molded into the hull. The Adventure Island kit is loaded with additional standard features such as a daggerboard; large "Twist and Stow" rudder; Mast and Sail Cover; and an Ama/Daggerboard Bag.

SAILING TIP!

SAIL POWER Watch the sail in order to pay close attention to the trim or adjustment of the sail. When the front of the sail, just behind the mast, luffs or flutters in the breeze, you lose power. To start moving, pull the sail in just enough to stop the sail from luffing or turn the boat away from the direction the wind is coming from. There are also short ribbons hanging on either side of the sail called "tell tails". The tell tails react to air flowing over the sail and will help you see that the sail is pulled in too tight or too loosely. If you pull the sail too tight you will stall the sail power. The tell tail on the back side of the sail will drop or do circles. Ease the sail out until it luffs, then pull it in just a little until it stops luffing. You will adjust the trim whenever the wind changes direction or you change course. See more on "Learn to sail the Hobie way" on our website in our "Support" area at: <http://www.hobie kayaks.com/experience/learn.html>

SAFETY FLAG

Be Seen! When out on your kayak, you are very low to the water. Add to that any wave or swell action and you are often hidden from other boaters view. The 4' tall safety flag will help other boaters see you. Very important in areas with mixed boating traffic! For mounting in areas with internal access, you can use large washers and the provided nuts for mounting. Otherwise, in areas with no internal access, use the mount which includes bolts and well nuts.

HOBIE LIVEWELL Liven up your day on the water with the Hobie Livewell! This live bait tank was designed with the serious fisherman in mind. From the tournament angler to the weekend warrior, inshore or off, this livewell is capable of handling almost every fishing situation imaginable! Water intake and discharge fit right into the existing scuppers in the cargo area. With a high-flow self-priming* Attwood pump, a 6 volt sealed gel cell battery, adjustable drain, and the capability of holding up to 8 gallons of water this tank can handle almost any creature that you can squeeze into it. Ready right out of the box! Just charge and go! (*requires forward motion in the kayak to prime pump)

Looking for somewhere to put those extra rods? No problem! Hobie has included three rod holders to make this livewell one of the most functional pieces of fishing equipment that you'll ever own. Three's not enough, you say? Well for those who are ready for anything, Hobie has left you enough room to attach two more! This is a must-have for every Hobie Angler.

FEATURES: Pump, On-off switch, 6 Volt sealed Gel Battery, Charger, Battery compartment with lid, Carry handle, Adjustable hold down straps, Twist-n-Seal access lid, Fully assembled / charge and go!

Custom designed to fit the Hobie Mirage Outback (Newer model w/o cooler recess), Sport, Adventure, Revolution, Pro Angler (needs 7" down tube) and the Quest.

HOBIE GEAR BUCKET

HOBIE GEAR BUCKET Add a drop-in "tackle box" to your 8" Hobie Twist-n-Seal hatch. These containers are 2 1/2" deep and hang on the hatch lip or can be slipped down into the hull so you can carry several. Keep one on the hatch lip for easy access. Closing the hatch presses the containers seal closed to ensure items stay in place. You can carry fishing tackle, spare parts, snacks, tools, sun screen, first aid supplies and more in these easily size-adjustable storage segments. Get the three pack with handy storage bag and pre-pack your fishing tackle for fishing different species. Be prepared when the fish start biting with easy access inside the hatch just in front of your seat.

HATCH BAG

Add a drop-in bag to the 6" Hobie Twist-n-seal hatch. Kit includes required back-up ring with lip, screws and bag with drawstring. (Available for 6" hatch only)

5421 6" Hobie Bag Kit

HOBIE TWIST-N-SEAL HATCHES have a better seal. The lids also hinge open, so you never lose the lid. Designed with a cork-screw-like mechanism for closure, a simple twist of the handle opens or closes the hatch. As the screw pulls down the hatch, you get a tight seal on the "O Ring" seal against the inner cylinder. The hatch seals around the edge of the cylinder and does not have to be held down against a flat surface to seal. This allows the hatch to seal even if the lid is partially open or tipped. Flip the handle into the recess to "lock" it closed. Available in 6" and 8" diameters. These hatches are now standard equipment on all Hobie Kayaks.

*Retrofit kits include gaskets (and 2 ea #8031130 screws for the 8").

RAM ROD HOLDERS / MOUNTS

RAM is the revolutionary universal ball and socket mounting system that allows you to mount practically anything anywhere. Unlike other mounts on the market, RAM allows you to mount items where you need them most. If you need to mount a Rod Holder, GPS or Fish Finder look no further. RAM mounts will help you make a professional job easy. Its unique design provides easy installation, mobility, strength, versatility, vibration protection and durability, all at a low cost. RAM is backed by a Lifetime Warranty which makes it the mounting system of choice. To provide light weight strength and corrosion resistance, RAM uses marine grade aluminum with a powder coated finish, light weight nylon injected molded plastic, stainless steel hardware and rubber balls.

PURE ADVENTURE

Whether you're fishing, camping, or just taking a peaceful trip out on your local waters, Hobie has a kayak for everyone. From our line of traditional Paddle kayaks, to the innovative MirageDrive Pedal and Inflatable kayaks, building memories is what we're all about. And Hobie's new Mirage Pro Angler is the answer to every fisherman's dream.

Visit hobie kayaks.com and find the kayak for your next adventure.

KAYAK CARTS are a must for easily transporting your kayak from car to water's edge. Simply roll the kayak down to the water and off you go! All of the latest Hobie Kayaks can use "Plug-in" carts. "Plug-in" carts do just that...they plug right into the bottom of your kayak. Choose Standard for light duty and solid surfaces, Heavy Duty for heavy loads and rough terrain or the "all-terrain" Hobie Trax "2" version which is the best over soft sand. Each cart has a sturdy stainless steel frame. Some older models or other brands of kayaks may require the use of a cart that straps on.

CART KEEPER FEATURE Standard on Hobie Plug-in carts! After insertion of the cart, pull the dome pin out and re-insert as shown to keep the cart captive.

POST COLLAR / CLAMP FEATURE Collar clamps help to reduce the direct loading of the cart on your kayak's bottom / keel. Direct loads on hull bottoms can cause deformation of the kayak. Even loading at scuppers and hull bottom reduces hull-bottom deformation issues.

Note: Be certain that the cart inserts clear through the kayak and protrudes into the cockpit / cargo area surface. Kayaks should never be left on carts for prolonged periods of time.

KAYAK CART "PLUG-IN" STANDARD

Light weight with durable tires and strong spoked wheels. Stainless steel frame. Wheels are easily removable for storage. Also includes cart keeper feature and cart clamps. This cart has the medium capacity. (150 lb Capacity)

80045001 STANDARD CART

80045101 i - KAYAK CART

i - kayak cart (not pictured) plugs into an inflatable's MirageDrive well.

NEW!

KAYAK CART - "PLUG-IN" HEAVY DUTY

Highest capacity cart with very durable knobby wheels. Welded Stainless steel frame. Wheels are easily removable for storage. Also includes cart keeper feature and cart clamps. This cart has the highest capacity. (225 lb Capacity) Recommended cart for Pro Angler and Tandem Island.

80046001 HEAVY DUTY CART

KAYAK CART "PLUG-IN" HOBIE TRAX "2"

The Trax "2" Cart has 24 cm (blow-molded polyurethane) pneumatic tires. These tires have a high capacity and are very durable! This is the best all around cart for soft sand and uneven terrain. The tires are wide and can be deflated for better performance over softer sand and soil. Welded Stainless steel frame. Wheels are easily removable for storage. (176 lb Capacity)

80044101 TRAX "2" CART

KAYAK CART - UNIVERSAL

This cart attaches to any kayak via straps and buckles. Pneumatic wheels allow this cart to roll more easily over rough terrain. Padded "hull-centering" bunks keep the kayak centered on the cart while the tie down straps hold the cart firmly to the boat. Carries loads up to 150 lbs. Welded Stainless steel construction. Wheels are easily removable.

80041 UNIVERSAL CART

MINI KAYAK CART

An easy way to pull your kayak around. Durable and lightweight, it simply straps on to the hull and off you go. Stores neatly in your hull's cargo bay while you're paddling. Best on smooth surfaces, not all-terrain.

72080 MINI CART

POST COLLAR / CLAMP KIT

Collar clamps help to reduce the direct loading of the cart on your kayak's bottom / keel. Direct loads on hull bottoms can cause deformation of the kayak. Even loading at scuppers and hull bottom reduces hull-bottom deformation issues. Fits all year-models of Hobie plug-in carts.

80044201 COLLAR / CLAMP KIT

HEAVY DUTY UPGRADE KIT *

Standard plug-in carts can be upgraded to heavy duty wheels. May require removal of welded washer on some versions.

(*Not designed to fit Trax cart frame)

80043 PLUG-IN UPGRADE KIT

HOBIE / TRAILEX ALUMINUM TRAILERS FOR KAYAKS

Hobie Trailex aluminum trailers were designed especially for the Adventure Island, but can easily be used for any single or multiple kayak load. Aluminum is light weight, tows easily and initial freight to dealer costs are reduced. Assembly is simple and well documented.

Prices DO NOT include freight to dealer or assembly.

QUICK STRAP SPORTRACK

Easily installs on any vehicle with front and rear doors or opening windows. The straps secure inside the car, no gutter hooks are required. Packed in mesh storage bag (#72040 with bow and stern tie downs).

- 72040** QUICK STRAP SPORTRACK (30" PAIR)
- 72035** QUICK STRAP SPORTRACK (24" PAIR / NO LINES)

KAYAK TRAILER These trailers are versatile platforms that can be used for any kayaks. For carrying kayaks, order the basic single or double trailer to carry 1 or more kayaks inverted on the crossbars (crossbar padding is not provided). For the Adventure Island, add the custom designed hull cradle set. These are form fitted to the Adventure Island hull and carpet covered. Strap down your boat with the custom tie down set. For two Adventure Islands, add two cradle sets and the center Tower System. The Tower includes mast / sail hangers and is also designed to mount an equipment box on top. Easily mount the Hobie Toy Box on top of the Tower (Thule box shown). Trailers ride on 8" wheels.

Trailer prices DO NOT include freight to dealer or assembly costs. Thule storage box shown is not included and not available through Hobie Cat.

COVERS

KAYAK COVERS Protect your kayak from the effects of the weather, UV rays, dirt, leaves and birds. We have chosen four sizes to fit the entire line of Hobie Kayaks. These covers are easy to install or remove, fits over the hull (like a fitted sheet on a mattress). Straps and pull string adjust for a tight fit. Cross straps secure the cover on your hull for windy conditions. Heavy duty UV resistant canvas material in a neutral color for better aging. These covers fit over the hull when upright or upside down. To help prevent distortions to the hull bottom shape, Hobie recommends that our kayak hulls be stored upside down resting on the cockpit rails. This is also best for deflecting rainwater and prevents water pooling in the cockpit or on the cover. When planning to store a hull upright, be sure to properly support the hull bottom to prevent hull distortions.

MIRAGEDRIVE STOW BAG

Protect your MirageDrive... and other goods in your car from the drive!

This heavy duty Cordura and mesh bag fits the complete MirageDrive with standard fins or the ST Turbo length. It has small pockets inside for the speedo tube, scupper plugs or spare parts. Has a carry handle and a shoulder carry strap. There is extra space in the bag for things like a life vest or drive well plug. Revised bag design is longer to better accommodate ST Turbo fins. Also includes "D" ring fittings to allow attachment to Inflatable rolling bags. Large enough to store your Inflatable's drive, pump and 4 piece paddle.

80024 MIRAGE DRIVE BAG

TALIC SEAHORSE RACK Portable storage for kayaks under 100 lbs. Made of corrosion resistant anodized aluminum. Can be used indoors or out. Raises your kayak up to accessible height for outfitting accessories, cleaning or just keeping it off the garage floor. Collapsible for storage.

DRIVE WELL SEAL Keeps the seat area drier. Seals the aft end of the MirageDrive well. Limits the incursion of water into the cockpit caused by the surge action of the drive fins. Testers also claim some improvement of forward thrust. Easily attaches to any MirageDrive. Kit includes one seal and two attachment "zip ties".

81037001 Well Seal

81038001 i - Well Seal

LEASH KIT - MIRAGEDRIVE

If you ever remove your MirageDrive while on the water... protect your investment from an accidental drop overboard. Includes hardware for attachment to the hull.

74052101 LEASH KIT - MIRAGE DRIVE

PEDAL PAD KIT

Softer on your feet! Neoprene pads are self adhesive and stick right to your pedals.

72020034 PEDAL PAD KIT BLACK (PAIR)

PADDLE "T" HANDLE Convert your kayak paddle to a canoe style paddle. Easier to store on many models of Hobie Mirage kayaks where paddle use is unnecessary while using the MirageDrive. Plugs into the female half of the kayak paddle.

74049001 PADDLE "T" HANDLE

MIRAGE SEAT PAD - INFLATABLE

"I-COMFORT" Adjustable comfort! Replaces the standard foam seat pad for the Hobie Mirage. Adjust the cushion by adding or releasing air pressure. Like an inflatable camping pad. Has an internal self inflating foam and an air valve through which the pad can be further inflated / deflated to suit the users comfort. Not designed for use on Hobie Mirage Inflatable kayaks. Can be used in combination (stacked) on the standard seat cushion.

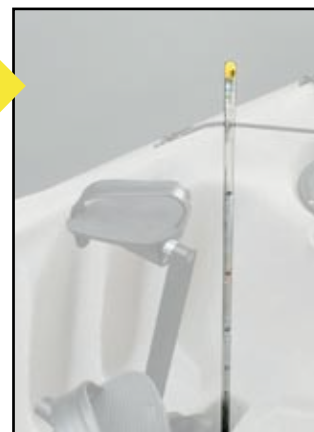

72020028 MIRAGE SEAT PAD - INFLATABLE "I-COMFORT"

HOBIE MIRAGE SPEEDO

Removable, "pitot tube" speedometer measures your pedaling speed. Fits current MirageDrive systems only (Plastic spine on drive serial number 16054 and higher).

80030001 SPEEDO

MIRAGEDRIVE SPARE PARTS KITS

Spare parts kits include a fin, mast, sprocket, chain and appropriate parts for the drive version. Older drives have sprockets and masts that use a set screw connection. "V2" drives use threaded sprockets and masts. All in a handy zippered pouch. Don't waste a day on the water when your MirageDrive could be easily repaired. Available for the standard fin drive or a drive with the ST Turbo fins. Standard kit shown.

TECH TIP!

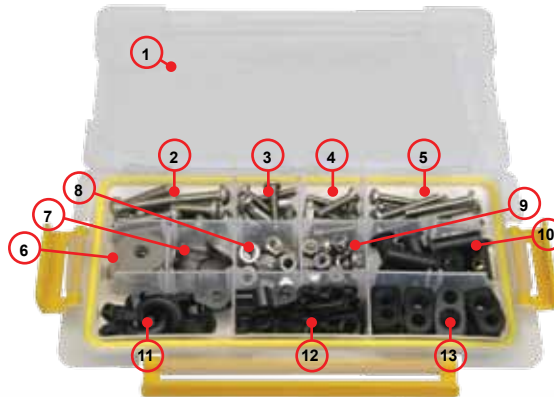

"WELL NUT" FASTENERS are tubular rubber fittings with an imbedded brass nut in the base. These are similar to a molly screw commonly used in sheet rock. They expand within the structure and give you a virtual backing nut and washer in an area that is inaccessible. Well nuts can be used for mounting many accessories to kayaks. Simply drill a hole as a net-fit dimension for the well nut. Insert the nut and position the hardware to be fastened. Insert and thread in the screw. Tighten until very snug. The brass nut is drawn up against the inside surface of the kayak which expands the rubber to a dimension that is too large to pull through the hole.

KAYAK RIGGING KIT - HARDWARE

Set of fasteners for rigging a kayak for fishing accessories. A custom selection of hardware chosen by the Hobie fishing experts. Includes stainless bolts, nuts, washers, well nuts and more. All packed in a handy Plano box. You can purchase any of the items separately. Purchase the kit and have it all, or pick and choose your own based on your individual needs. All included parts are listed below as well as many more in the numerical section of our catalog.

AQUASEAL MIRAZYME ODOR ELIMINATOR There's nothing quite like the odor of damp gear left in your car trunk for a couple of days. With one application eliminate those odors from booties, wet-suits, dry-suits and the rest of your gear. A 100% biodegradable product made from a blend of 10 highly specialized, light activated microbial elements. Works by penetrating into pores of fabric, rubber and even hard surfaces to eliminate odor naturally.

POLARIZED

WORLD'S BEST POLARIZED SUNGLASS

www.HOBIEPOLARIZED.com

The Heritage Series features our highest quality thin, lightweight and durable Borosilicate Glass polarized lenses with HydroClean Plus™ lens technology. A series of enhanced hydrophobic and anti-reflective coatings are then applied to each lens under carefully controlled conditions. The result is a lens that sheds water, resists dust and grime, is easy to clean and reduces distracting reflections from light sources behind you.

HOBIE KAYAK FAQ

How watertight is my boat? It is normal for any type of kayak to experience a small amount of seepage due to the installation of rivets, hatches, etc. Kayaks may take on a few cups of water while out paddling. If a kayak is taking on more than a small amount of water, check to make sure the drain plug is in, then check the rest of the boat for leaks. Silicone can be used to seal the rivets. If you have any questions, please call your dealer.

How should I store my kayak? It is best to store your kayak upside down or standing on end. If hanging your kayak, do not support from the handles. Best supported by wide webbing straps with the kayak upside down or on its side.

Is my boat repairable? Hobie kayaks are very durable, however, on occasion they may need some minor repairs. Linear polyethylene is repairable. Check with your dealer concerning repairs for your kayak.

Is my boat recyclable? Hobie will recycle your boat when you are done with it. To recycle a Hobie Kayak, it must be cut up so it fits in a box with the following dimensions: may not exceed 130" for the length plus girth, and maximum 108" for the length. Ship the boat to: Hobie Cat 4925 Oceanside Blvd. Oceanside, CA 92056. It is our hope that no Hobie Kayak will ever end up in a landfill!

HOBIE CAT PARTS - WARRANTY POLICY

HOBIE PARTS WARRANTY Hobie Cat warrants all Hobie Cat manufactured parts and accessories against failure due to materials or workmanship defects for a period of one year.

OTHER WARRANTY Any accessories and other merchandise sold by Hobie Cat not mentioned in the paragraph above are not warranted by Hobie Cat. Said accessories and other merchandise may be covered by the manufacturer's warranty, a copy of which can be furnished by Hobie Cat upon written request.

HOBIE CAT'S OBLIGATION Hobie Cat at its option will repair or replace without charge any part or accessory which is found to be defective under the terms and within the period of this Warranty. Buyer must return the accessory with a sales slip as proof of purchase date.

BUYER'S OBLIGATION Upon discovery of a suspected defect, Buyer must-at his/her own expense-promptly return the equipment to the Hobie Kayak dealer for inspection. Warranty is void if equipment is operated after a suspected defect is, or should have been, discovered.

WHO IS ENTITLED TO WARRANTY Only the original Buyer of the equipment and accessories from Hobie Cat is entitled to warranty. Warranty may not be transferred.

NO WARRANTY OF USED EQUIPMENT Used equipment is sold AS IS; Hobie Cat makes NO WARRANTY concerning its merchantability, condition, durability, age or model year, or fitness for any purpose whatsoever.

MUTUAL AGREEMENTS It is agreed that this warranty sets forth Buyer's exclusive right and remedy against Hobie Cat with respect to the equipment and accessories. It is in lieu of all other express warranties and all implied warranties, including implied warranties of merchantability and fitness. Hobie Cat assumes no other like or unlike liability for loss of cargo, use, profit or consequential damages of any kind in connection with the sale, alteration, use, repair or replacement of equipment or any part thereof.

STILL THE BEST RIDE

THE GETAWAY

The Hobie Getaway is the social boat of Hobie Cat's Rotomolded catamaran line. With significantly more hull volume than the ever-popular Hobie Wave, plus huge carrying capacity, the Hobie Getaway comfortably accommodates six adults. Or take the whole family out for a comfortable evening cruise. A lot of boat at a tremendous value, the Hobie Getaway is designed to withstand rigorous use and provide years of sailing enjoyment for the entire family. The Hobie Getaway... serious performance in a very playful, manageable boat.

Hobie Mirage i12S Inflatable kayak

PURE ADVENTURE

The Hobie MirageDrive is redefining how the world views **Inflatable kayaks**. Joining the i12S single and i14T tandem is the all-new i9S, the smallest, shortest, lightest kayak in our fleet. With the supplied pump, they inflate easily, deflate quickly, and are ideal for the kayaker who's short on space and storage. Packed in their own rolling travel bags, they fit easily in the trunk of your car, on your boat or in your RV—you can even take them on your next vacation.

Quality and innovation from Hobie...Building Memories Since 1950.
