

SAILING COLLECTION

**ENJOY THE
RIDE**

**INVENTOR. INNOVATOR.
CHAMPION SURFER.
PERENNIAL KID.**

**MEET HOBIE ALTER.
THE HOBIE CAT® COMPANY'S
FOUNDING FATHER.**

This American Dream starts in Southern California's beach scene during the late 1940s. Surfing was the underground thing, and the legendary Walter Hoffman had just initiated a teenage Hobie Alter into the sport. Hobie's **love for the ocean** became a loose "career plan" that fused his woodworking skills with his passion for surfing. In 1950, at age 16, Hobie designed and built his first balsa wood-and-fiberglass surfboard in his family's Laguna Beach garage. The boards performed well, and soon he was selling them to friends. By 1954, however, his parents had grown weary of hardened-epoxy bits peppering their lawn, so his father helped him open Hobie Surfboards, Southern California's first surf shop, in nearby Dana Point.

The business was a success and demand for his boards grew as surfing became increasingly popular. But by 1958 balsa wood was becoming scarce. The company's first serious

breakthrough came when Hobie and his buddy Gordon "Grubby" Clark developed the world's first foam surfboard blanks, which they crafted into foam-cored fiberglass surfboards. Lighter, faster and more agile, **these boards revolutionized surfing.** Soon, Hobie Surfboards was producing 250 boards per week, all handmade in Dana Point.

Other successes followed, including the introduction of modern skateboards, a skateboarding team and an apparel line, but the real genius—and the product with which Hobie's name would become forever synonymous—was yet to happen.

In the mid 1960s, Hobie became interested in sailing. Not the pompous-yacht-clubs-and-uptight-rules variety, but fun, freestyle sailing done right off the beach. After investigating different multi-hull designs, including sailing Woody "Spider" Brown's *Manu Kai*, Hobie started building

fiberglass prototypes in 1967 with his buddy and fellow surfer-cum-sailor, Phil Edwards. Their testing methods were simple: take it out in 30+ knots, sail it hard and see what breaks. Refine/Fix/Innovate. Repeat.

The result was the Hobie 14, **the world's first fiberglass catamaran**. Virtually overnight, high-speed sailing became accessible to everyone thanks to this brilliantly simple, infinitely transportable design. To build community and promote his boats, Hobie immediately started organizing regattas large and small, beginning with a July 4, 1968 race off Dana Point, California.

These now-infamous affairs, which grew to include regional and national events, as well as world championships, **emphasized fun**, not formality. A newly minted Hobie 14 class association and its monthly publication, the *Hobie Hotline*, kept sailors connected, and a new lifestyle based on sailing, friends and good times emerged.

While the Hobie 14 was popular, Hobie wanted to create something bigger, faster, and better suited for two. In 1969 the company unleashed the Hobie 16, one of the most

important—and best loved—sailboats of all time. This two-person rocketship featured a sophisticated rig, a flat-cut jib, eye-catching graphics, and a trapeze that allowed the crew to tame the boat's raw power. Asymmetrical fiberglass hulls and kick-up rudders made beaching a snap and its portability encouraged sailors to travel to events near and far. **The slogan, "Have a Hobie Day" became a way of life.** In 1997 the boat was inaugurated into the Sailboat Hall of Fame, and today there are more than 150,000 Hobie 16s being sailed and enjoyed worldwide.

Many designs followed, all sharing the same DNA that made Hobie's first surfboards so successful: Keep it simple and make it fun. Today, Hobie catamarans are built in the USA, Europe, and Australia, and are as popular as ever. New, family focused models continue to emerge from our U.S. office, and our sister company, Hobie Cat Europe, continues to push the racing envelope with their ultra-fast designs.

So when you see people having fun on a catamaran, look for Hobie's infamous Flying-H logo. Or better yet, test fly one yourself and **see what all the excitement is about.**

BRAVO

What happens when fun, fast and simple meet in one easy-to-sail catamaran? We call it the Hobie Bravo, a boat that delivers big grins, great times and minimal fuss. The boat's rotomolded polyethylene hull encourages beaching and makes docking—even on gusty days—fully inconsequential. The Bravo's generously cut, square-top mainsail keeps you moving in mere zephyrs, but twists off in a breeze for power control. The unique A-frame rig is easy to step, and the boomless, roller-furling, multicolored Dacron mainsail makes shortening sail simple and safe. Perfect for “kids” of all ages.

STANDARD FEATURES:

- Seamless Super Linear II rotomolded polyethylene hull
- Light, stiff, super-durable and impact-resistant build
- Fully battened, multi-colored, square-top Dacron mainsail
- A-Frame mast support eliminates shrouds and makes rigging easy
- Powerful-yet-manageable sailplan
- Elliptical sailplan twists off in strong puffs or gusts for power control
- Unique angled battens allow for easy reefing and furling/unfurling of sail
- One-pull sail reefing and furling system; ties off at a cleat
- Boomless rig
- Non-conductive Comptip mast for increased safety
- EZ Lock rudder system
- Two molded-in, under-deck carrying handles for easy lifting
- Four carrying handles, fitted on all corners
- 8" Twist and Seal hatches for stowing gear and lunch
- Six scuppers create a fast-draining cockpit
- Padded hiking straps
- Righting line and “Hobie Bob” mast float increase safety and simplify righting

OPTIONAL FEATURES:

- Boom
- Aluminum trailer
- Beach Dolly

SPECS:

LOA: 12' / 3.65 m
Beam: 4' 5" / 1.35 m
Draft w/ Rudder up: 9" / 0.23 m
Mast Height: 19' / 5.79 m
Sail Area: 86 ft² / 7.99 m²
Weight: 195 lbs / 88.45 kg
Carrying Capacity: 400 lbs / 181 kg
Crew: 1-2
Build Type: Rotomolded Polyethylene
Designer: Greg Ketterman and the Hobie Cat Design Team

WAVE

The Hobie Wave is an easy-to-sail, easy-to-rig speedster that will quickly have you smiling. The Wave's asymmetrical underbody shape eliminates the need for daggerboards, and its rotomolded polyethylene hulls are virtually indestructible, making it ideal for beginners and adventurers alike. A large, fully battened, boomless mainsail provides plenty of power in the light stuff, but twists off in a breeze for added control. And should your rig go horizontal, the "Hobie Bob" mast float makes righting the boat simple and safe. Enjoyed solo or with crew members, the Wave is also available as the Wave Club edition, ideal for schools, organizations or resorts.

STANDARD FEATURES:

- Super durable, impact-resistant rotomolded polyethylene two-shot hulls, with positive buoyancy
- Special keel shape eliminates daggerboards for easy beaching
- EZ Loc Rudder System makes raising and lowering the rudders simple
- Fully battened, multi-colored square top Dacron mainsail with safety view window
- Easy-attach, one-piece, colored mesh trampoline with built-in drink holders (Classic Version), 3-piece mesh with lacing and grommets (Club Version)
- Boomless rig
- Righting line and "Hobie Bob" mast float for easy righting and added safety
- Comptip mast for safety
- Padded seat area for added comfort
- Innovative design for easy transport and storage
- Assembly DVD

OPTIONAL FEATURES:

- Zipper-reefing mainsail
- Jib kit
- Spinnaker kit
- Padded backrests
- Aluminum trailer
- Beach Dolly

SPECS:

LOA: 13' / 3.96 m
Beam: 7' / 2.13 m
Draft w/ Rudder Up: 11" / 0.28 m
Mast Length: 20' / 6.09 m
Sail Area: 95 ft² / 9 m²
Weight: 245 lbs / 111 kg
Max Load: 800 lbs / 362 kg
Crew: 1-4
Build Type: Rotomolded Polyethylene
Designed by: Morrelli & Melvin and the Hobie Cat Design Team

Bitter End Yacht Club, Virgin Gorda, B.V.I.

GETAWAY

Forget social media — the Hobie Getaway is social sailing at its finest! The Getaway lets you sail with big groups, so nobody gets left on the dock. But unlike “party boats”, the Getaway has serious sailing legs thanks to its powerful, mainsail-driven sailplan and its asymmetrically shaped underbody, which increases upwind performance without the hassle of daggerboards. With the Getaway, there’s no worry about beaching or hull dings; its rotomolded hull is super-durable and impact-resistant. But most impressive is the Getaway’s awesome value—expect years’ worth of big grins and massive fun for a modest price.

STANDARD FEATURES:

- Super-durable, impact-resistant rotomolded polyethylene hulls
- Special keel shape eliminates daggerboards for easy beaching
- EZ Loc Rudder System
- Multi-colored mainsail with high-cut foot for easy clearance on tacks and gybes
- Fully-battened, boomless mainsail
- Mesh forward trampoline and main trampoline
- Roller-furling jib
- Righting line and “Hobie Bob” mast float for easy righting and added safety
- Comptip mast for safety
- Cooler/storage compartment in both hulls

OPTIONAL FEATURES:

- Wing seats
- Single trapeze system
- Aluminum trailer with mast stand and double rollers
- Beach Dolly

SPECS:

LOA: 16' 7" / 5.04 m

Beam: 7' 8" / 2.34 m

Draft w/ Rudder Up: 10" / 0.25 m

Mast Length: 25' / 7.62 m

Sail Area: 180 ft² / 17 m²

Weight: 390 lbs / 177 kg

Max Load: 1000 lbs / 453 kg

Crew: 1-6

Build Type: Rotomolded Polyethylene

Designed by: Greg Ketterman & the Hobie Cat Design Team

ADVENTURE ISLAND

Fast, fun and versatile, the Hobie Mirage Adventure Island gives you options. Unbolt the akas and amas and you have a super-quick, super-fun kayak; attach the new Aka II die-cast crossbars and ama side floats, step the sailing rig and you have a stable sailing craft whose seafaring heritage stretches back to the South Pacific. A roller-furling, vertically battened mainsail makes reducing sail a snap, and the MirageDrive® provides power when the wind is light or when you're kayaking. A daggerboard prevents lateral slip, an upgraded rudder and rudder assembly provides plenty of helm control in a breeze and the amas easily fold parallel against the hull to simplify negotiating tight spots or docking.

STANDARD FEATURES:

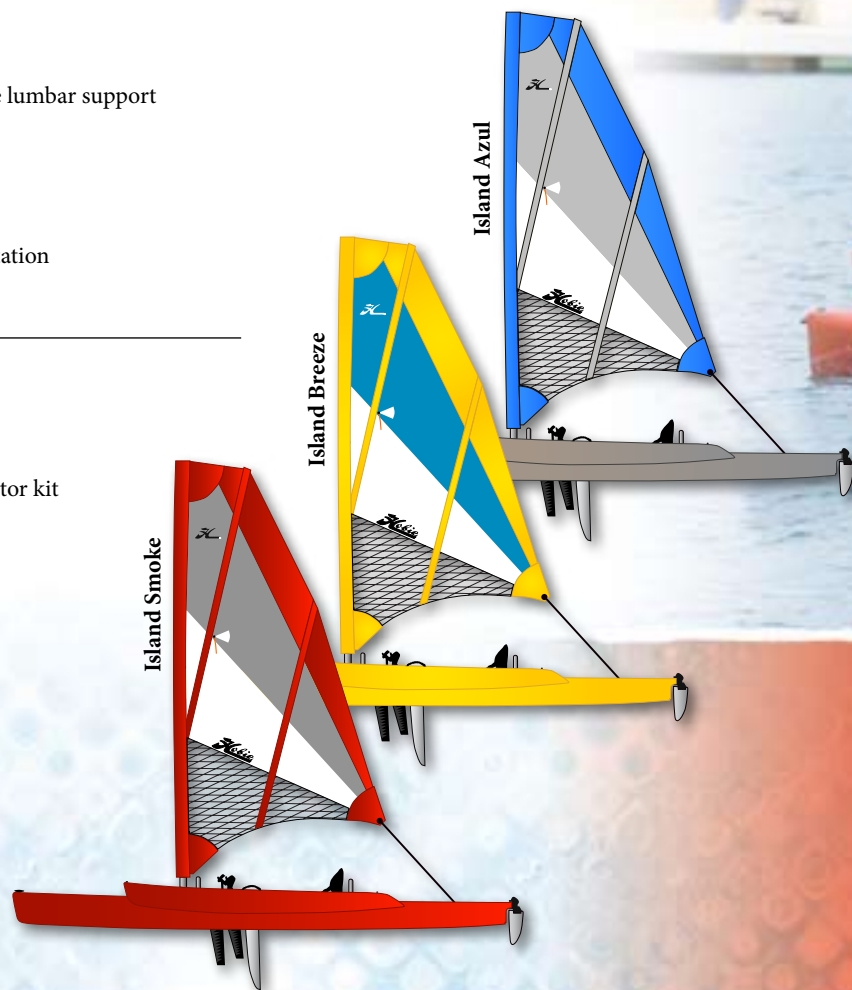

- Hobie Mirage Adventure hull (stands alone as a 16' kayak when desired)
- MirageDrive with Turbo Fins
- Two color-coordinated amas
- Deck-mounted, detachable Aka II crossbars
- Fully battened, boomless mainsail
- Daggerboard
- Patented roller-reefing sail with full-length vertical battens
- Two-piece mast
- Full-length mast/sail storage bag
- Harken blocks
- All cordage and sailing hardware
- Oversized Twist and Stow rudder
- Two-piece paddle
- Adjustable high-back padded seat with inflatable lumbar support
- Large covered bow hatch with Bungee tie-downs
- Two 8" Twist and Seal hatches
- Gear bucket
- Stern cargo area with Bungee tie-downs
- Meets NMMA certification requirements for flotation

OPTIONAL FEATURES:

- Plug-in cart
- Dodger
- Aka Trampoline kit
- Navigation package
- Hobie eVolve™ powered by Torqeedo electric motor kit
- Aluminum trailer

SPECS:

LOA: 16' / 4.88 m
 Mast Height: 15' 2" / 4.62 m
 Beam w/ Amas Out: 9' 4" / 2.84 m
 Beam w/ Amas Folded In: 42" / 1.06 m
 Sail Area: 57.5 ft² / 5.34 m²
 MirageDrive Weight: 6.6 lbs / 3 kg
 Sailing Weight: 115 lbs / 52.16 kg
 Max Load: 350 lbs / 159 kg
 Crew: 1
 Build Type: Rotomolded Polyethylene
 Designed by: The Hobie Cat Design Team

Hobie

TANDEM ISLAND

Looking for a super-fun multisport boat for two? Meet the Hobie Mirage Tandem Island. In its most elemental form, the Tandem Island is a super-fast, two-person kayak. But attach the aka crossbeams, the ama floats and the two-piece carbon fiber rig and sailing kit (all included), and you and your partner will be flying across the water, powered by a roller-furling, boomless mainsail. Both cockpits have steering and sail-control lines, making the Tandem Island ideal for partners of all abilities. And the boat's generous storage space and carrying capacity means that your adventure potential is huge.

STANDARD FEATURES:

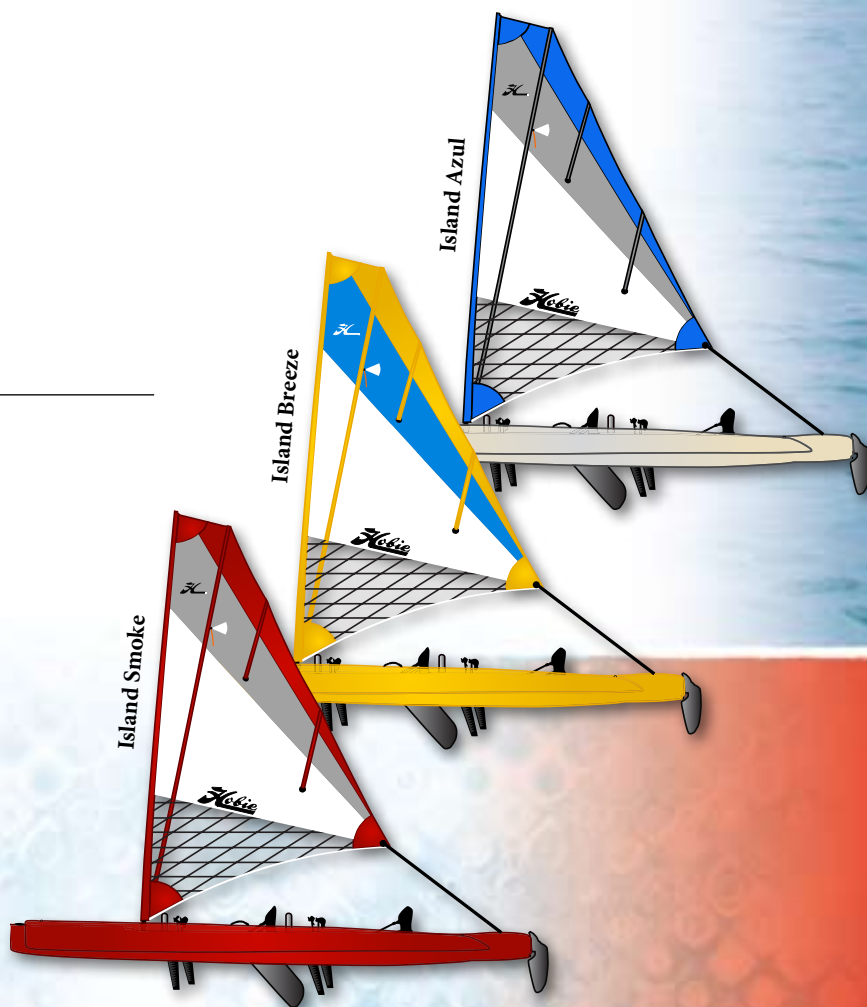

- Dual MirageDrives fitted with turbo fins
- Two-piece carbon-fiber mast
- Roller-furling, boomless mainsail
- Easily retractable/removable, color-coordinated amas
- Deck-mounted aka crossbars
- Built-in, fully retractable, kick-up centerboard
- Jumbo Twist and Stow rudder
- Fingertip steering control at both cockpits
- Sheets lead to both cockpits
- Two high-back padded seats with inflatable lumbar support
- Two-piece paddles with on-ama storage
- Harken blocks
- All cordage and sailing hardware
- Rear cargo compartment with Bungee tie-downs
- Large forward storage hatch
- Three 8" Twist and Seal hatches
- Two molded-in rod holders
- Four mesh-covered stowage pockets
- Four cup/bottle holders
- Two molded-in carrying handles
- Meets NMMA certification requirements for flotation

OPTIONAL FEATURES:

- Plug-in cart
- Spray Dodger
- Aka Trampoline kit
- Navigation package
- Hobie eVolve powered by Torqeedo electric motor kit
- Aluminum trailer

SPECS:

LOA: 18' 6" / 5.64 m
 Ama Length: 13' 4" / 4.06 m
 Beam w/ Amas Out: 10' / 3.05 m
 Beam w/ Amas Folded In: 4' / 1.22 m
 Mast Height: 18' / 5.49 m
 Sail Area: 90 ft² / 8.4 m²
 MirageDrive Weight: 2 @ 6.6 lbs / 3 kg
 Sailing Weight: 190 lbs / 86.18 kg
 Capacity: 600 lbs / 272 kg
 Crew: 2
 Build Type: Rotomolded Polyethylene
 Designed by: The Hobie Cat Design Team

16 SPECIAL EDITION

Iconic. The Hobie 16 revolutionized multihull sailing and defined its culture when she hit the California beach scene in 1969. Now, over forty years later, this Sailboat Hall of Fame inductee continually attracts great sailors and delivers serious adrenaline rushes worldwide. Why? Because the Hobie 16 is the perfect cat, powerful enough for world champions yet forgiving enough for novices. Its dual-trapeze rig helps you and your crew member tame the high-powered sailplan, and its asymmetrically shaped fiberglass hulls reduce weight and eliminate the need for daggerboards. Seriously fast, seriously fun—fly a hull and the obsession begins!

STANDARD FEATURES:

- Asymmetrical hulls eliminate daggerboards, facilitating beaching
- All-new hull graphics
- Kick-up rudder system
- Race-ready, brightly colored Dacron sails
- Elevated trampoline platform provides a dry ride and allows for easy trapezing
- EPO2 carbon-fiber rudder blades
- Double-trapeze rig
- Harken blocks
- 3:1 Cunningham
- Comptip mast provides safety and heavy air performance
- Black anodized spars

OPTIONAL FEATURES:

- Spinnaker with snuffer system
- Aluminum trailer with double rollers and a mast stand
- Beach Dolly

SPECS:

LOA: 16' 7" / 5.04 m
 Ama Length: 7' 11" / 2.41 m
 Draft w/ Rudder Up: 10" / 0.25 m
 Mast Height: 26' 6" / 8.07 m
 Sail Area: 218 ft² / 20 m²
 Weight: 320 lbs / 145 kg
 Carrying Capacity: 800 lbs / 362 kg
 Crew: 1-4
 Build Type: Fiberglass/Foam Sandwich
 Designed by: Hobie Alter and the Hobie Cat Design Team

FX ONE

Gentlemen, start your engines! The Hobie FX One is a make-no-bones-about-it, one-person, all-out sailing machine that was designed by our sister company, Hobie Cat Europe. Go-fast features include wave-piercing bows, fiberglass/foam sandwich construction, dual daggerboards and a square-top mainsail that's flown from a rotating mast. Plus, you can easily turbo-charge your FX One with the optional jib and asymmetrical-spinnaker with snuffer system. While the FX One can be a one-man raceboat, it's also an ideal rocketship for sharing a wild ride with a friend or two on a windy day.

STANDARD FEATURES:

- Fiberglass hulls
- Mesh trampoline
- Square-top Pentex Mylar™ mainsail
- 8:1 Harken mainsheet system
- 12:1 Cunningham
- Adjustable-rotation mast
- Carbon-fiber reinforced rudder blades and daggerboards
- Hobie kick-up rudder system
- Adjustable trapeze
- Six cradles (two for beach wheels; four for trailering)

OPTIONAL FEATURES:

- Jib kit
- Spinnaker with snuffer system
- Wing seats
- Aluminum trailer with double rollers and a mast stand
- Beach Dolly

SPECS:

LOA: 17' / 5.18 m

Beam: 8' 3" / 2.51 m

Draft w/ Rudder Up: 6" / 0.15 m

Mast Height: 27' 9" / 8.46 m

Sail Area: 172 ft² / 16 m²

Weight: 340 lbs / 154 kg

Carrying Capacity: 400 lbs / 181 kg

Crew: 1-3

Build Type: Fiberglass/Foam Sandwich

Designer: Hobie Cat Europe Design Team

WILD CAT

Want to pass the *entire* fast lane? The Wild Cat is your ticket for all-out, hold-on-for-dear-life thrills. The project began when Hobie Cat Europe tasked a panel of world-class sailors, naval architects and sailmakers to create a cat capable of dominating F-18 racecourses. High-performance touches include wave-piercing bows, an integrated wing-mast section, high-aspect ratio daggerboards and rudders, dual trapezes, a spinnaker launching and retrieval system, and seriously fast hulls. Whether you're ready to take on the F-18 scene, or simply looking to taunt your local harbormaster, the Wild Cat has speed to burn.

STANDARD FEATURES:

- Fiberglass hulls include EVA anti-skid and one stern inspection port (per hull)
- Carbon-fiber reinforced rudder blades and daggerboards
- Carbon-fiber telescopic tiller extension
- Mesh trampoline
- Square-top Pentex Mylar mainsail
- Fully battened Pentex Mylar jib
- Self-tacking jib system
- Asymmetrical spinnaker with snuffer system
- Harken blocks (mainsheet and spinnaker gear)
- 16:1 Cunningham
- Adjustable-rotation mast
- Double trapeze
- Spinlock blocks (Cunningham)

OPTIONAL FEATURES:

- Aluminum trailer with double rollers and a mast stand
- Beach Dolly

SPECS:

LOA: 18' / 5.46 m

Beam: 8' 6" / 2.59 m

Draft w/ Rudder up: 7" / 0.18 m

Mast Height: 29' 6" / 8.99 m

Sail Area: 454 ft² / 42 m²

Weight: 397 lbs / 180 kg

Carrying Capacity: 529 lbs / 240 kg

Crew: 2

Build Type: Fiberglass/Foam Sandwich

HOBIE SAILING ACCESSORIES

HATS

Stay cool, calm and sun-protected with Hobie's stylish "Flying H"-logoed hat.

#5018BL - Blue
#5018BK - Black
#5018GB - Grey
#5018RM - Red
#5018TG - Tan

LIFE VEST

Stay safe with approved PFDs. High-quality construction available in several models and colors to fit you and your Hobie style!

WETSUITS

Hobie Wetsuits feature anti-choke necks and glued seams, and are available in black and red/black, from size SM to XL.

LYCRA® TOPS

Breathable, quick-drying shirts — available in short or long sleeves — help you stay sun-protected thanks to their 50+ UPF rating.

SPRAY TOPS

Stay dry with this breathable pullover. Features a Neoprene waist, neck and wrist seals.

TRAPEZE HARNESS

Enhance your on-the-wire experience with this comfortable harness. Available in several styles to match your taste.

GLOVES

Fight rope burn and gain grip strength. Ideal for working sail-control lines on windy days.

Sm/Md/Lg/XL
#3188XX - Hobie Sailing Gloves
(XX = size)

HOBIE LUGGAGE

Popular Hobie luggage items. A backpack, rolling duffel and an expandable rolling suitcase are just the thing for the Hobie traveler!

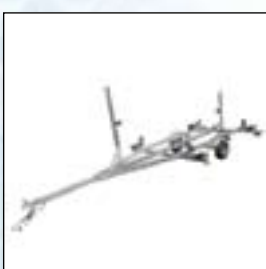

DELUXE HOBIE SAIL BAG

Keep your parts and sails safe, clean and well-protected in this compartmented, expandable sailbag. Fits any size Hobie sail.

RUDDER COVERS

If you care about speed, you care about your foils. Keep them knick-free and safe.

TRAILERS

Full line of trailers, from the stripped-down to the tricked-out, to solve your transportation needs.

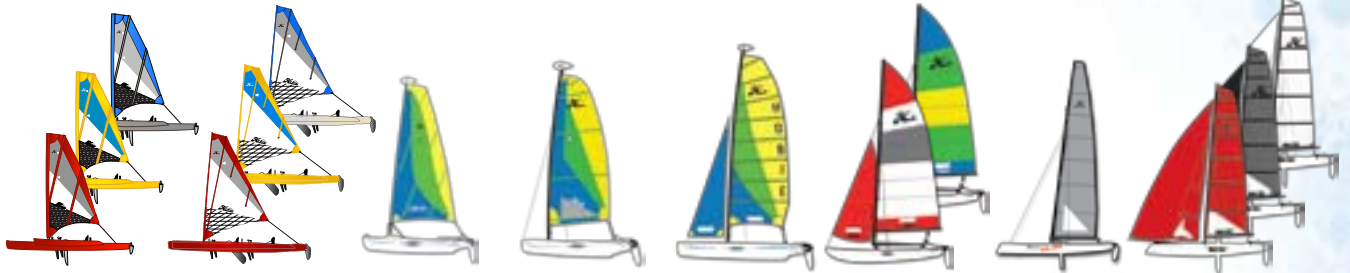

BEACH WHEELS

Easily roll to any beach, braving mud, sand or rocks. Makes launching easier and more fun.

See Parts and Accessories Catalog on website for more details.
