Fine tuned for each individual size, and sculpted foam footprint and foam thickness to provide a better fitting, and more comfortable PFD for people of all sizes.

HOBIE MIRAGE PFD

This PFD was designed for Vantage high back seats on Hobie Mirage Kayaks. The flotation in the back is thin for more comfort while seated and helps to prevent the vest from riding up as you pedal. A vent along the spine adds to the comfort. Front zip entry for easy on and off. Large pockets on the front for easy storage and access of small items. High waistline cut so the vest does not ride-up while pedaling. Huge arm cutouts and the short waist allow excellent freedom of movement. Adjustable side straps offer enough size variation for many layers underneath or none! Reflective tapes for visibility during low light conditions. Back logos vary between "H" and Penguin Logo.

SAFETY TIP

LIFE VESTS: Get a good, comfortable life vest and WEAR IT! A life vest does you little good stored on your boat, especially if you get tossed into the water and away from your boat. Accidents happen and by their nature, they happen when you are not prepared. A life vest can keep you afloat until you can rescue yourself or you can be rescued by others. In the worst cases when injuries or cold water are involved, your life vest can make all the difference! Be sure everyone onboard your boat wears a life vest too! Pass the word! Federal law now requires that all persons below the age of 13 must wear a life jacket while aboard a boat.
