## MEET HOBIE ALTER.

Hobie's story starts on a sun-bleached Southern California beach in the late 1940s. Surfing was the underground thing and a wave-obsessed Hobie dreamt of combining his two loves, woodworking and surfing. He started by designing and building Balsacored surfboards in 1950 in his parents' Laguna Beach garage at the age of just 16, and by 1954 he had opened Hobie Surfboards—SoCal's first surf shop—in nearby Dana Point. Business was good, but Hobie's first serious breakthrough didn't come until 1958, when he and Gordon "Grubby" Clark built the world's first foam-and-fiberglass surfboards. Lighter, faster, and more maneuverable, these revolutionary boards forever changed the sport and put Hobie Surfboards on the map.

Sailing became Hobie's next obsession. Not the stuffy yacht-club variety, but high-speed, high-octane fun that could be enjoyed right off a beach. Employing construction methods honed in his surfboard shop, and studying various traditional multihull designs, the Hobie 14, the world's first fiberglass "catamaran" was unleashed in 1968. This was followed in 1969 by the two-person Hobie 16, which is widely recognized as one of the most important sailboats of all time. Suddenly, high-speed sailing was accessible to everyone, and, thanks to company-organized regattas and now-infamous beach parties; a Hobie lifestyle of fun, family and friends was born. The slogan, "Have a Hobie Day" became a mantra.

Today, Hobie catamarans are as popular as ever but the story doesn't stop there. For the past 40 years we've been advancing design—and fun—in another direction: kayaks.

After carefully considering a kayaker's typical experience, we realized that the paddle was the sport's weak link. The breakthrough came in 1997 with a brilliantly simple yet truly revolutionary idea. Instead of subjecting your arms to a trip to the gym, why not mount fins under the hull and connect them to your kayak via pedals? The MirageDrive®, as this pedal-powered design was dubbed, was a hit and was recognized by Popular Science magazine's "Best of What's New" award in 1998. Suddenly, kayakers could enjoy newfound speed, range and silence. Much like how the Hobie 16 exposed millions of people to the joys of high-speed multihull sailing, the MirageDrive has helped countless kayakers have more fun on the water.

Also in the mid-90s, we began angling for a new market, namely fishing. Compared to powerboats, Hobie fishing kayaks are nearly silent, draw almost no water (allowing users to enjoy skinny-water fishing haunts) and produce zero CO2 emissions or water pollution. Plus, the advent of the MirageDrive freed fishermen to focus on landing their catch, not their paddling. We now make several fishing-specific models, including the Outback, the Revolution® and the new Pro Angler. These boats—like all Hobie kayaks—are designed to meet NMMA certification requirements for flotation.

By the mid 2000s, new kayak models were coming online that fused two of our most successful innovations. The Adventure Island, released in 2006, adds aka crossbars and ama floats and a sailing kit to a MirageDrive-powered kayak, creating a modern version of a traditional Polynesian sailing kayak. In 2010, we introduced our two-man version, the Tandem Island. These boats represent a special co-evolution between our history of designing and building the world's best-loved catamarans, and our desire to create the most innovative and enjoyable kayaks afloat.

The company's newest big idea involved combining the simplicity of an inflatable with the fun of a sailing rig and the ease of a MirageDrive. These inflatable kayaks, introduced in 2007, make kayaking easier, more accessible and infinitely more transportable. In fact, the same fun-minded DNA that made Hobie's first foam-and-fiberglass surfboards so successful is the exact genetic material that makes our kayaks the best ride on the water. Now, even more people can enjoy the Hobie lifestyle.

What's next? With the Hobie Cat Company this could be anything. But given our sixty-plus year history and our dedication to inventing, innovating and improving people's on-the-water experience, you can bet next summer's vacation that it will be big.

**THE VISICARBON PRO™** combines a high visibility light and safety flag with a light weight, low drag, and portable style. Insert foam base into molded-in or Live Well rod holders.

**A quick look at the features:**

- The ultra thin mast and redesigned flag combine to offer excellent performance with low wind drag.
- Main mast section designed with carbon fiber tubing for high strength and ultra light weight.
- The VISICarbon Pro™ weighs in at just 14 ounces, complete with 3 AA batteries.
- The 48" long VISICarbon Pro™ breaks down to 14" long in seconds.
- The Silent Snap™ flag attachment system provides a secure attachment that allows the flag to be removed in seconds.
- The folded unit can be stored inside the nylon flag which doubles as carry bag.

**72020040 SAFETY FLAG/LIGHT COMBO**

**SAFETY FLAG** Be Seen! When out on your kayak, you are very low to the water. Add to that any wave or swell action and you are often hidden from other boaters view. The 4' tall safety flag will help other boaters see you. Very important in areas with mixed boating traffic! For mounting in areas with internal access, you can use large washers and the provided nuts. Otherwise, in areas with no internal access, use the mount which includes bolts and well nuts.

**PADDLE** is a good spare paddle that can be stored within most Hobie kayak models. 6 1/2" wide blade will fit into an 8" hatch opening. Measures just 20" in closed position (45" when fully extended). Lightweight, easily portable yet with durable construction of high grade plastic paddle and anodized aluminum shaft. Corrosion resistant design. Floats too!

**3091 TELESCOPING PADDLE**

**HOBIE SAFETY KIT** has many useful items for added safety when boating. Includes first aid and some basic survival materials. Hobie Gear Bucket with Orange safety lid. Ready access is assured by hanging the safety kit on the inside lip of an 8" Hobie Twist and Seal hatch. Includes a 33 piece first aid kit, water proof flash light, signal mirror, space blanket, whistle, utility tool, waterproof matches, duct tape, gauze bandage, gauze pads, cloth tape (specific items subject to change).

**72020010 HOBIE SAFETY KIT**

**BILGE - HAND PUMP** Water over the bow while you have a hatch open can leave you with a flooded hull. This light weight pump is security for long trips on the water. Features super-comfortable, easy-grip rubber overmolded handle and a high-visibility neon yellow stock for extra safety.

**HOBIE HI-BACK FISHERMAN** by Stohlquist

Ready and loaded, this new fishing and hunting vest is the ideal PFD for the sit-on-top kayaker, providing comfort and water safety with all the necessities, close at hand. Put to work, while you play, the FISHERMAN provides excellent cockpit management with places for the little things like pliers and extra tackle. The EVA front pockets fold down to provide a work station and are sized to fit small tackle boxes. The FISHERMAN'S outer platform provides mounting locations for tippets, retractors, nippers, leader-line, hemastats, and pliers. Choose between low-vis Cactus color or hi-vis Mango with 3M reflective strip. Safety, comfort, storage and utility make this the ultimate vest for fishing or hunting.

The Drawbridge...dual front-mounted tool pouch pockets have protective EVA stiffened outer shells to protect pocket contents when re-boarding the kayak from "over the rim".

- EVA inner platform - is a fold-down work surface.
- Velour (hook & loop style) -inner lining attachment surface.
- Sized to fit small plastic lure boxes.
- Inside accessory pockets and stowage for tools.

Outer Platform....like an angling vest, the FISHERMAN vest has mounting locations for tippets, retractor(s), nippers, leader-line, hemastats, and pliers.

**FEATURES:**

- Choose low-vis Cactus color or hi-vis Mango with 3M reflective.
- Open sides for ventilation.
- Neoprene padded shoulders and lower back waistband.
- 1-1/2" webbing belt with dual side adjustments.
- Multiple pockets, all with drainage.
- High-back flotation rides above back rest.
- Adjustable 1-1/2" webbing shoulder and side adjustments.
- Cinch harness adjustment for zero ride-up.
- New PVC-free Gaia foam.

**SAFETY TIP!**

**LIFE VESTS** Get a good, comfortable life vest and WEAR IT! A life vest does you little good stored on your boat, especially if you get tossed into the water and away from your boat. Accidents happen and by their nature, they happen when you are not prepared. A life vest can keep you afloat until you can rescue yourself or you can be rescued by others. In the worst cases when injuries or cold water are involved, your life vest can make all the difference! Be sure everyone onboard your boat wears a life vest too! Pass the word! Federal law now requires that all persons below the age of 13 must wear a life jacket while aboard a boat.

# HOBIE eVOLVE v2 POWERED BY TORQEEDO

Whether you're augmenting your MirageDrive or using the Hobie eVolve as your primary power source, this quiet and efficient electric motor will dramatically expand your horizons. Maybe there's a ripping tidal current or a series of fast-flowing eddies that you must negotiate before reaching that pristine shoreline. Maybe it's a bay that's always been a little too far to explore. Or maybe it's just been a long day and your tired muscles could use a break. Either way, the clean, quiet, eVolve system is there for you.

This tidy German-engineered electric motor kit fits any MirageDrive kayak and it comes with two mounting options—one midship, the other stern hung. With the Hobie eVolve, you can either maintain steady cruising speeds of two knots (motor only) for hours, or you can open the throttle for short sprints. Best yet, depending on your set-up, you can use the eVolve to augment your boat speed while also using your MirageDrive. And thanks to its cockpit-mounted Remote Throttle, you always know how much juice you have left in the system's 320 Wh Lithium-Manganese battery. Runtime estimated as 8 hr 20 min at 2.6 mph / 48 min full throttle.

If you thought the MirageDrive made kayaking sweeter, wait until you try the eVolve v2 system. The eVolve v2 offers increased battery capacity, longer range and solar charge / run capability (solar panel accessory not yet available). Life only improves with power.

- 72022030 EVOLVE v2 TORQEEDO MOTOR KIT - Kayak
- 72022040 EVOLVE v2 TORQEEDO MOTOR KIT - i Series

**EVOLVE V2 KIT INCLUDES:**

- Ready-to-go Mirage well-mounted Hobie eVolve v2
- All cables for the motor and throttle units
- All mounting hardware
- Assembly that integrates the motor with a Twist and Stow rudder
- Sealed/Waterproof Lithium-Manganese high-performance battery 320 Wh (charger included)
- Remote throttle system displays speed and distance information generated by an onboard GPS unit
- Magnetic safety key
- Waterproof fittings and cable connectors
- Solar charging port (Solar panel accessory not yet available)
- Corrosion-resistant materials ensure durability and performance
- Lightweight power: Total weight of installed kit is 18 lbs (8.16 kg) or less, depending on the configuration

## 2 for 1

**BOTH MOUNTS INCLUDED**

For all Mirage Series except no Rudder Mount for Inflatables, Island Series, and Pro Angler

**RUDDER POSITION MOUNT**

The rudder-mounted eVolve is the ultimate tool for extending your range and exploration options. This slick system uses a lightweight aluminum assembly to easily integrate an eVolve motor with a Twist and Stow rudder. Pedal and motor; motor, or simply pedal. When off, the engine becomes your rudder or it can be brought on deck via the Twist and Stow controls. (Rudder Mount not included in kit for Pro Angler and Inflatables.)

**MIRAGE WELL MOUNT**

A clever option for mounting the eVolve motor package is to swap out your MirageDrive for this electric unit. Just slot the well-mounted Hobie eVolve into any MirageDrive kayak and instantly enjoy powered propulsion. Ready to use fresh out of the box, the Mirage-mounted eVolve weighs a scant 6.4 pounds—that's 0.2 pounds less than the MirageDrive—and is built to take years of exploration and adventure.

**REMOTE THROTTLE**

While the outboard might be transom-hung, the driver doesn't have to sit astern thanks to our Remote Throttle, which attaches via a RAM mounting unit (included) to provide throttle control from your favorite seating position. The LCD screen displays all the trip info you need (such as speed and range) while you're underway. For safety, the unit features a magnetic key-to-throttle connection; break this magnetic connection and the motor immediately stops.

**LITHIUM BATTERY V2**

A lightweight, 6.6-pound, 320 Wh Lithium-Manganese battery (11Ah at 29.6V) powers the system's featherweight Torqeedo motor. The battery is buoyant and completely waterproof, ensuring safety and there-when-you-need-it performance. Its built-in GPS unit generates pertinent information such as speed and range. Solar charge / run port.

# ST PERFORMANCE FINS ST or ST TURBO!

ST FINS ...and you thought the Hobie MirageDrive was the most amazing propulsion system ever seen! Now you can make your Hobie MirageDrive a **SUPER PERFORMER!**

Hobie Mirage kayak users report as much as 10% increase in speed and more using ST TURBO Fins. But its not all about speed, you can get top end speed and a slower cadence for cruising (Less pedals per mile). All achieved with these larger and more efficient fin designs. Increase your performance or increase your fitness routine, you choose the fin that is right for you: Standard, ST or ST Turbo... low, medium or a higher gear! The standard fins, supplied with our kayaks, are the easiest pedaling fins, but many users feel that the standard fins do not offer enough resistance. This is very evident when using our sailing kits. The added power and speed of the sail often outpaces the standard fins (similar to pedaling a bike down hill in first gear). Want to go really fast? Add the ST TURBOs for sailing! The longer fins can also increase lateral resistance for sailing upwind.

These ST (Square Tip) designs will require a bit more effort to pedal. The added effort is commonly compared to pedaling a bike up a slight incline. In addition, the included fin tension screw allows adjustment to achieve lower end torque or top end speed to meet the desires of the pedaler.

ST Fins fit any Hobie MirageDrive. If you prefer the ST fin, order 2 per drive. The ST TURBO fins require longer masts. The ST TURBO fin kit comes with 2 fins, 2 masts and all needed fittings.

## SIDEKICK AMA KIT

Whether you are a pro or a novice, you will enjoy the sense of security from the extra amount of stability offered by the SideKick ama kit. Great for use when sailing, fishing, standing when site fishing, shooting photos! The SideKick ama kit is simple, light weight and effective! The SideKick's cross arms adjust the float height with a simple "click-twist-click". Just like a paddle shaft adjustment. Three positions offer you high - medium - low positions. Set the floats high for cruising (less drag) or secondary stability. Use the medium or low settings for primary stability (less initial roll). Fine adjustments for float height are done by twisting the main crossbar within its mounts and tensioning with the fastening hardware. Set up and use right off the beach or disassemble and deflate to store inside the hull. Then assemble and inflate when you get to your dive or fishing spot. Inflation is simple. Just blow a few breaths into each float through their one-way valves. Valve cap unscrews for rapid deflation. Installs with 4 bolts using expanding nuts.

**SIDEKICK AMA KIT** Extra stability for your kayak. Fits most Hobie models and most other kayaks. Whether you sail, fish, shoot pictures, dive or just want to feel a bit more stable when using your kayak, the SIDEKICK AMA KIT will do it. Light weight and simple to install. The floats are inflatable.

# HOBIE BIMINI SUN SHADE

We all love the sun, but it can be a bit much at times. Protect yourself with a Hobie Bimini Sun Shade. The Bimini is easily attached to most Hobie Kayaks. With the Hobie mount installed, a simple flick of a finger can attach, adjust or remove the Bimini. It can be easily folded out of the way or set up to block the sun. Simple adjustments can tilt the shade from side to side or to different heights and angles for best protection from the sun's rays. Requires Hobie mount. The Hobie Mount will attach to just about any kayak. It extends or retracts for a perfect fit.

# HOBIE DODGER

The Hobie Dodger is a spray, cool breeze or sun shade for your lower body. Deflect bow spray, block cool breezes and stay warmer in cold conditions.

Works like a small pop-up tent. Loops of bungee connect to the boat via small fittings installed along the rails. Small internal battens give the Dodger its shape. The Dodger extends aft to just in front of the pedaler. A Velcro strip seals up the center in front of the pedaler. The entire dodger folds forward to enter or exit the kayak, to make pedal adjustments or reach items in the cockpit. An access panel is built-in for using the sailing rig. A great combination when there is wind and spray!

Great for hunters, animal and bird watchers as the Dodger conceals your legs movement. The Hobie Dodger makes your kayak a sit-inside sit-on-top!

Installs in minutes initially, but installs in moments once the fasteners are in place. Packs away into a small stow bag 5" round by 24" long (1.8 lbs).

Mirage Dodger Fits the Hobie Mirage Outback, Sport, Adventure and Revolution kayaks (May fit other models with some modification to hardware placement).

# Serious Fun

**Hobie is thrilled to introduce an exciting new member of our fleet.**

The **Hobie Mirage Tandem Island** is the big brother of our Hobie Mirage Adventure Island and twice the fun. Plenty of room for the skipper and crew, with total control of the roller furling sail and the large Twist and Stow rudder from either high back padded seat. Inspired by Polynesian multihulls, this 18' 6" trimaran "sail-yak" includes state-of-the-art features and comfort, plus two patented MirageDrives with Turbo Fins. So choose a partner and enjoy the ride.

# SAIL KITS

ADD SAILING TO YOUR HOBIE MIRAGE KAYAK EXPERIENCE!

## MIRAGE KAYAK SAIL RIG

Add sail power to Hobie Mirage Kayaks! (Fits all current models of Hobie Mirage Kayaks). The Patented MirageDrive pedal system allows you to pedal while sailing which helps you to maintain forward motion through turns and obtain higher speeds. Sail with ease maintaining excellent speed with or without pedaling while sailing. Easily pedal out to sail or pedal home when the wind is too light. Add a SideKick ama kit for additional stability if desired.

## HOBIE MIRAGE KAYAKS... THE ONLY KAYAKS THAT CAN DO IT ALL

Paddle kayaks do not have the necessary lateral resistance needed nor do they typically have a rudder for steering. Paddle kayaks require hands-on paddling which prohibits use of rudder and sail controls for sailing. The MirageDrive pedal system allows you to pedal out onto the water to sail and pedal back if needed. You can also pedal the boat through a tack (turn). The MirageDrive pedal system's fins act as a keel or centerboard when in the down position offering the lateral resistance needed for upwind sailing. Hobie Mirage kayaks are equipped with a hand-controlled rudder. The MirageDrive allows hands to be free for sail and rudder controls.

**SAIL KIT** includes two piece mast, sail (20.25 sq ft.), lines, fittings and storage bag.

Add the large rudder #81397001 for more responsive rudder control. Adventure models can add the dagger board for enhanced upwind performance.

### ADVENTURE ISLAND CONVERSIONS

The Hobie Mirage Adventure (2007 model and newer only) can be converted into an Adventure Island! These kits allow you to add just the amas or go all the way to Adventure Island with the amas and sail combined. Great sailing performance and excellent stability.

The complete kit includes: A boomless, roller-furling sail rig with plenty of sail area for excellent performance, completely manageable from the cockpit with the pull of a line. Two retractable amas that fold up against the side of the boat for easy docking, maneuverability, and transport. All 2007 and newer model year Adventure Kayaks, including the Fish model, have inserts molded into the hull. The Adventure Island kit is loaded with additional standard features such as a daggerboard; large "Twist and Stow" rudder; Mast and Sail Cover; and an Aka/Daggerboard Bag.

### SAILING TIP!

**SAIL POWER** Watch the sail in order to pay close attention to the trim or adjustment of the sail. When the front of the sail, just behind the mast, luffs or flutters in the breeze, you lose power. To start moving, pull the sail in just enough to stop the sail from luffing or turn the boat away from the direction the wind is coming from. There are also short ribbons hanging on either side of the sail called "tell tails". The tell tails react to air flowing over the sail and will help you see that the sail is pulled in too tight or too loosely. If you pull the sail too tight you will stall the sail power. The tell tail on the back side of the sail will drop or do circles. Ease the sail out until it luffs, then pull it in just a little until it stops luffing. You will adjust the trim whenever the wind changes direction or you change course. See more on "Learn to sail the Hobie way" on our website in our "Support" area at:

<http://www.hobie kayaks.com/experience/learn.html>

### AKA TRAMPOLINES FOR THE HOBIE MIRAGE ADVENTURE ISLAND AND TANDEM ISLAND

Aka Trampolines do many things... Added space for carrying gear, allows you to move weight outboard for better performance in windy conditions, comfortable sitting or laying down position, carry additional crew / kids / pets (does not increase basic weight capacity), reduce spray in cockpit. The trampolines are made from mesh vinyl as used on our catamaran product. Available in Grey or Black. Easy installation. Fast (side-release) buckles across aft aka make folding akas quick. Adjustable webbing straps for a tight fit. Rolls down and straps to forward aka for storage or easily slips off the aka. Paddle storage, gear pockets and lanyard grommets included. (200 Lb Capacity)

# HOBIE LIVEWELL

HOBIE LIVEWELL

**Live up your day on the water with the Hobie Livewell!** This live bait tank was designed with the serious fisherman in mind. From the tournament angler to the weekend warrior, inshore or off, this livewell is capable of handling almost every fishing situation imaginable! Water intake and discharge fit right into the existing scuppers in the cargo area. With a high-flow self-priming\* Attwood pump, a 6 volt sealed gel cell battery, adjustable drain, and the capability of holding up to 8 gallons of water this tank can handle almost any creature that you can squeeze into it. Ready right out of the box! Just charge and go! (\*requires forward motion in the kayak to prime pump)

**72020007** Hobie Livewell Bait Tank

**72020015** Rod Holder - Livewell

(Additional rod holders include the required fasteners)

(Livewell replacement parts shown on page 35)

Looking for somewhere to put those extra rods? No problem! Hobie has included three rod holders to make this livewell one of the most functional pieces of fishing equipment that you'll ever own. Three's not enough, you say? Well for those who are ready for anything, Hobie has left you enough room to attach two more! This is a must-have for every Hobie Angler.

**FEATURES:** Pump, On-off switch, 6 Volt sealed Gel Battery, Charger, Battery compartment with lid, Carry handle, Adjustable hold down straps, Twist and Seal access lid, Fully assembled / charge and go! Custom designed to fit the current Hobie Mirage Outback, Sport, Adventure, Revolution, Pro Angler (needs 7" down tube), Quest, Tandem Island, Oasis (2011+) and Odyssey (2011+).

### HOBIE GEAR BUCKET

Add a drop-in "tackle box" to your 8" Hobie Twist and Seal hatch. The Gear Bucket containers are 2 1/2" deep and hang on the hatch lip or can be slipped down into the hull so you can carry several. Keep one on the hatch lip for easy access. Closing the hatch presses the containers seal closed to ensure items stay in place. You can carry fishing tackle, spare parts, snacks, tools, sun screen, first aid supplies and more in these easily size-adjustable storage segments. Get the three pack with handy storage bag and pre-pack your fishing tackle for fishing different species. Be prepared when the fish start biting with easy access inside the hatch just in front of your seat.

### HOBIE DRY BAG

8" diameter x 14". This dry bag is built of tough materials. Seals tight to keep your stuff dry.

- 71703001** 8" Hobie Dry Bag

### HOBIE TWIST AND SEAL HATCHES

TWIST AND SEAL HATCHES have a better seal. The lids also hinge open, so you never lose the lid. Designed with a cork-screw-like mechanism for closure, a simple twist of the handle opens or closes the hatch. As the screw pulls down the hatch, you get a tight seal on the "O Ring" seal against the inner cylinder. The hatch seals around the edge of the cylinder and does not have to be held down against a flat surface to seal. This allows the hatch to seal even if the lid is partially open or tipped. Flip the handle into the recess to "lock" it closed. Available in 6" and 8" diameters. These hatches are now standard equipment on all Hobie Kayaks.

\*Retrofit kits include gaskets (and 2 ea #8031130 screws for the 8").

# SCOTTY ROD HOLDERS / MOUNTS

## SCOTTY ROD HOLDERS

Bait Caster/Spinning Rod Holder. Holds a baitcaster reel in a cushioned cradle. A slot in the front of the holder allows for a spinning reel to be securely held in position. The rod holder design has a side mounted flange, which leaves the bottom open. This allows for the rod holder to accommodate trigger sticks. Pistol grip rod butts easily clear the sides of the rod holder for quick rod retrieval. Rods can be secured in holder with a soft latching strap which snaps over the top. Fully adjustable up and down and rotates 360 degrees. Requires either the combination deck or side mounting bracket or flush deck mount (bolting dimensions - 1 5/16" x 3 3/16").

## GPS - COLOR

**ENDURA™ OUT&BACK** Smartly designed for easy, out-of-the-box use, the Out&Back's straightforward menu makes navigation simple. Its large color transfective touch-screen allows for easy viewing and operation, and its pre-loaded mapping content with key land features such as lakes, rivers, primary roads and key Points of Interest (POI) provides accurate situational awareness. Out&Back is also easy to customize, including a recording option that saves trails and routes allowing quick recall or sharing, a geocaching application providing paperless geocaching with Geocaching.com and power standby to conserve battery life as well as provide quick restart. The Out&Back supports a wide range of optional mapping content. Like all Endura handhelds, the Out&Back accepts public domain files and community-based content such as GPX trails, routes and general outdoor POIs.

# KAYAK CARTS

Kayak Carts are a must for easily transporting your kayak from car to water's edge. Simply roll the kayak down to the water and off you go! All of the latest Hobie Kayaks can use "Plug-in" carts. "Plug-in" carts do just that... they plug right into the bottom of your kayak. Choose Standard for light duty and solid surfaces, Heavy Duty for heavy loads and rough terrain or the "all-terrain" Hobie Trax "2" version which is the best over soft sand. Each cart has a sturdy stainless steel frame. Some older models or other brands of kayaks may require the use of a cart that straps on.

**CART KEEPER FEATURE (fig. 1a)** Standard on Hobie Plug-in carts! After insertion of the cart, pull the dome pin out and re-insert as shown to keep the cart captive. **POST COLLAR / CLAMP FEATURE (fig. 1b)** Collar clamps help to reduce the direct loading of the cart on your kayak's bottom / keel. Direct loads on hull bottoms can cause deformation of the kayak. Even loading at scuppers and hull bottom reduces hull-bottom deformation issues.

**CAUTIONS:** Be certain that the cart inserts clear through the kayak and protrudes into the cockpit / cargo area surface. Kayaks should never be left on carts for prolonged periods of time.

## KAYAK CART "PLUG-IN" STANDARD

Light weight with durable tires and strong spoked wheels. Stainless steel frame. Wheels are easily removable for storage. Also includes cart keeper feature and cart clamps. This cart has the medium capacity. (150 lb Capacity). Great for transport over solid surfaces.

**80045001** STANDARD CART

**80045101** i - KAYAK CART

i - kayak cart (not pictured) plugs into an inflatable's MirageDrive well.

## KAYAK CART - "PLUG-IN" HEAVY DUTY

Highest capacity cart with very durable knobby (Solid Foam) wheels. Welded Stainless steel frame. Wheels are easily removable for storage. Also includes cart keeper feature and cart clamps. This cart has the highest capacity. (225 lb Capacity) Recommended cart for Pro Angler and Tandem Island. Best for transport over solid surfaces.

**80046001** HEAVY DUTY CART

**80046021** PIN, QUICK CLIP

Wheel retainer pin for Std and HD carts.

## KAYAK CART "PLUG-IN" HOBIE TRAX "2"

The Trax "2" Cart has 24 cm (blow-molded polyurethane) pneumatic tires. These tires have a high capacity and are very durable! Welded Stainless steel frame. Wheels are easily removable for storage. (176 lb Capacity) This is the best all around cart for soft sand and uneven terrain. The tires are wide and can be deflated for better performance over softer sand and soil.

**80044101** TRAX "2" CART

TRANSPORTATION

**HOBIE TANDEM ISLAND DOLLY** Full size dolly for the Tandem Island includes a hull / ama cradle, and a pull handle. Much stronger and easier to load and use than plug-in carts for the Tandem Island. Two different wheel styles allow for optimum performance on hard pack surfaces – or soft sand beaches. Choose beach wheels for use over soft sand or other surfaces. Choose the tuff tire if your launch surfaces are solid. The handle makes it easier to insert or remove the cart under the boat or pull along when un-loaded. The handle also acts as a "kick-stand" to keep the cradle upright during loading. The handle and wheels are easily removable for storage.

**80046100** TI DOLLY W/ TUFF TIRES

**80046100** TI DOLLY - WITH TUFF TIRES

**80046200** TI DOLLY - WITH BEACH WHEELS

### KAYAK CART - UNIVERSAL

This cart attaches to any kayak via straps and buckles. Pneumatic wheels allow this cart to roll more easily over rough terrain. Padded "hull-centering" bunks keep the kayak centered on the cart while the tie down straps hold the cart firmly to the boat. Carries loads up to 150 lbs. Welded Stainless steel construction. Wheels are easily removable.

**80041** UNIVERSAL CART

### MINI KAYAK CART

An easy way to pull your kayak around. Durable and lightweight, it simply straps on to the hull and off you go. Stores neatly in your hull's cargo bay while you're paddling. Best on smooth surfaces, not all-terrain.

**72080** Mini Cart

### POST COLLAR / CLAMP KIT

Collar clamps help to reduce the direct loading of the cart on your kayak's bottom / keel. Direct loads on hull bottoms can cause deformation of the kayak. Even loading at scuppers and hull bottom reduces hull-bottom deformation issues. Fits all year-models of Hobie plug-in carts. Standard on current carts.

**80044201** COLLAR / CLAMP KIT

**80043**

### HEAVY DUTY UPGRADES

Standard or Trax plug-in carts can be upgraded to heavy duty pneumatic wheels. May require removal of welded washer on some versions or bonding of the sleeve to the axle using epoxy depending on cart vintage.

**80043** Plug-in UPGRADE KIT

Newer Standard carts have a longer axle. 2 holes for keeper pins. One for standard wheels and the outermost for the HD wheels. Simply buy two new HD foam wheels and install.

**80046041** HD Foam Wheel

### KAYAK TRAILERS

These trailers are versatile platforms that can be used for any kayaks. Order the basic single or double trailer to carry one or more kayaks inverted on the crossbars (crossbar padding is not provided). For the Adventure Island, Tandem Island or Pro Angler, add the custom designed hull cradle sets. These are form fitted and foam covered. Strap down your Adventure Island with the custom tie down set. For two Adventure Islands, order the double trailer (Double-Double for two Tandem Islands) add two cradle sets and the center Tower System. The Tower includes mast / sail hangers and is also designed to mount an equipment box on top (Does not include box shown). Easily mount the Hobie Toy Box on top of the Tower (Thule box shown). Trailers ride on 8" wheels and use a 1 7/8" coupler.

**COVERS**

HOBIE TANDEM ISLAND SHOWN

**KAYAK COVERS**

Protect your kayak from the effects of the weather, UV rays, dirt, leaves and birds. We have chosen four sizes to fit the entire line of Hobie Kayaks. These covers are easy to install or remove, fits over the hull (like a fitted sheet on a mattress). Straps and pull string adjust for a tight fit. Cross straps secure the cover on your hull for windy conditions. Heavy duty UV resistant canvas material in a neutral color for better aging. These covers fit over the hull when upright or upside down. To help prevent distortions to the hull bottom shape, Hobie recommends that our kayak hulls be stored upside down resting on the cockpit rails. This is also best for deflecting rainwater and prevents water pooling in the cockpit or on the cover. When planning to store a hull upright, be sure to properly support the hull bottom to prevent hull distortions.

## TALIC SEAHORSE RACK

Portable storage for kayaks under 100 lbs. Made of corrosion resistant anodized aluminum. Can be used indoors or out. Raises your kayak up to accessible height for outfitting accessories, cleaning or just keeping it off the garage floor. Collapsible for storage.

**72088001** 31" Talic SeaHorse Rack

### DRIVE WELL SEAL

Keeps the seat area drier. Seals the aft end of the MirageDrive well. Limits the incursion of water into the cockpit caused by the surge action of the drive fins. Testers also claim some improvement of forward thrust. Easily attaches to any MirageDrive. Kit includes one seal and two attachment "zip ties".

81037001 Well Seal

81038001 i - Well Seal

### MIRAGEDRIVE SPARE PARTS KITS

Spare parts kits include a fin, mast, sprocket, chain and appropriate parts for the drive version. Older drives have sprockets and masts that use a set screw connection. V2 drives use threaded sprockets and masts. All in a handy zippered pouch. Don't waste a day on the water when your MirageDrive could be easily repaired. Available for the standard fin drive or a drive with the ST Turbo fins. Standard kit shown.

### LEASH KIT - MIRAGEDRIVE

If you ever remove your MirageDrive while on the water... protect your investment from an accidental drop overboard. Includes hardware for attachment to the hull.

74052101 LEASH KIT - MIRAGEDRIVE

### PEDAL PAD KIT

Softer on your feet! Neoprene pads are self adhesive and stick right to your pedals. Stock on Drives built in 2010+

72020034 PEDAL PAD KIT BLACK (PAIR)

### PADDLE "T" HANDLE

Convert your kayak paddle to a canoe style paddle. Easier to store on many models of Hobie Mirage kayaks where paddle use is unnecessary while using the MirageDrive. Plugs into the female half of the kayak paddle.

74049001 PADDLE "T" HANDLE

### MIRAGE SEAT PAD - INFLATABLE "I-COMFORT"

Adjustable comfort! Replaces the standard foam seat pad for the Hobie Mirage. Adjust the cushion by adding or releasing air pressure. Like an inflatable camping pad. Has an internal self inflating foam and an air valve through which the pad can be further inflated / deflated to suit the users comfort. Not designed for use on Hobie Mirage Inflatable kayaks. Can be used in combination (stacked) on the standard seat cushion.

72020028 MIRAGE SEAT PAD - INFLATABLE "i-Comfort"

### STEERING KNOB ASSY

Get a grip on your steering. More comfortable hand position - better leverage. Fits all 2011 Mirage model steering handles and all Tandem Islands.

88991355 KNOB ASSY

### HOBIE MIRAGE SPEEDO

Removable, "pitot tube" speedometer measures your pedaling speed. Fits current MirageDrive systems only (Plastic spine on drive serial number 16054 and higher).

## KC WELDER PRO WITH HOBIE COLOR ROD STOCK

80 Watt element, flat tip and a 3/16" hole in tip for rod insertion. Includes a selection of Hobie color welding rod. Fix holes and cracks or customize polyethylene products. Insert the rod into the tip and place against the product to be welded. The tip heats the plastic surface and the rod. As the materials melt, move the tip along the repair area while pushing the rod into the tip to fill the repair area with new plastic material. Plug small holes after moving accessories. Rebuild keels after excessive wear from dragging.

**72097001** KC WELDER PRO

## TECH TIP!

**"WELL NUT" FASTENERS** are tubular rubber fittings with an imbedded brass nut in the base. These are similar to a molly screw commonly used in sheet rock. They expand within the structure and give you a virtual backing nut and washer in an area that is inaccessible. Well nuts can be used for mounting many accessories to kayaks. Simply drill a hole as a net-fit dimension for the well nut. Insert the nut and position the hardware to be fastened. Insert and thread in the screw. Tighten until very snug. The brass nut is drawn up against the inside surface of the kayak which expands the rubber to a dimension that is too large to pull through the hole.

## HOBIE KAYAK FAQ

**How watertight is my boat?** It is normal for any type of kayak to experience a small amount of seepage due to the installation of rivets, hatches, etc. Kayaks may take on a few cups of water while out paddling. If a kayak is taking on more than a small amount of water, check to make sure the drain plug is in, then check the rest of the boat for leaks. Silicone can be used to seal the rivets. If you have any questions, please call your dealer.

**How should I store my kayak?** It is best to store your kayak upside down or standing on end. If hanging your kayak, do not support from the handles. Best supported by wide webbing straps with the kayak upside down or on its side.

**Is my boat repairable?** Hobie kayaks are very durable, however, on occasion they may need some minor repairs. Linear polyethylene is repairable. Check with your dealer concerning repairs for your kayak.

**Is my boat recyclable?** Hobie will recycle your boat when you are done with it. To recycle a Hobie Kayak, it must be cut up so it fits in a box with the following dimensions: may not exceed 130" for the length plus girth, and maximum 108" for the length. Ship the boat to: Hobie Cat 4925 Oceanside Blvd. Oceanside, CA 92056. It is our hope that no Hobie Kayak will ever end up in a landfill!

## HOBIE CAT PARTS - WARRANTY POLICY

**HOBIE PARTS WARRANTY** Hobie Cat warrants all Hobie Cat manufactured parts and accessories against failure due to materials or workmanship defects for a period of one year.

**OTHER WARRANTY** Any accessories and other merchandise sold by Hobie Cat not mentioned in the paragraph above are not warranted by Hobie Cat. Said accessories and other merchandise may be covered by the manufacturer's warranty, a copy of which can be furnished by Hobie Cat upon written request.

**HOBIE CAT'S OBLIGATION** Hobie Cat at its option will repair or replace without charge any part or accessory which is found to be defective under the terms and within the period of this Warranty. Buyer must return the accessory with a sales slip as proof of purchase date.

**BUYER'S OBLIGATION** Upon discovery of a suspected defect, Buyer must-at his/her own expense-promptly return the equipment to the Hobie Kayak dealer for inspection. Warranty is void if equipment is operated after a suspected defect is,

or should have been, discovered.

**WHO IS ENTITLED TO WARRANTY** Only the original Buyer of the equipment and accessories from Hobie Cat is entitled to warranty. Warranty may not be transferred.

**NO WARRANTY OF USED EQUIPMENT** Used equipment is sold AS IS; Hobie Cat makes NO WARRANTY concerning its merchantability, condition, durability, age or model year, or fitness for any purpose whatsoever.

**MUTUAL AGREEMENTS** It is agreed that this warranty sets forth Buyer's exclusive right and remedy against Hobie Cat with respect to the equipment and accessories. It is in lieu of all other express warranties and all implied warranties, including implied warranties of merchantability and fitness. Hobie Cat assumes no other like or unlike liability for loss of cargo, use, profit or consequential damages of any kind in connection with the sale, alteration, use, repair or replacement of equipment or any part thereof.

## It's Mother Nature's Show—But We Make the Front Row Seats.

Propelled by the patented MirageDrive,<sup>®</sup> Hobie's pedal-driven Mirage line of sit-on-top kayaks leaves your hands free for binoculars, a camera or a cool drink.

The MirageDrive employs twin underwater "flippers" that work much like a penguin's fins. The back-and-forth motion from each pedal cycle propels the boat smoothly, effortlessly and virtually silently. And the best part—no noisy paddles to scare away the wildlife.

Hobie Mirage Kayaks are available in single and tandem models, in both rigid and inflatable styles.

From the Everglades to the shoreline of Puget Sound, Hobie has the perfect kayak for your next adventure.
